What People Think Principals Do:

What People Think Principals Do Sharon H. Pristash, 2002-11-06 Do principals see themselves as others see them Many new and veteran principals remark that one cannot truly know what it means to be a principal until you are one However most people have developed their own perceptions of the role of a principal based on their direct experience Sharon Pristash describes the various perceptions of the principalship based on interviews with students teachers parents and community members She also offers some implications these perceptions might have for the profession Viewpoints of practicing or former principals are included allowing the reader to compare and contrast the public and personal view of the profession Whether novice or veteran principal there s something for everyone in this fascinating study Beginning the Principalship John C. Daresh, Linda Alexander, 2015-10-06 Principals are today s newest superheroes and every superhero needs a mentor Daresh and Alexander offer encouragement in a practical hands on guide to help principals navigate the challenges of leadership Discover how to Drive student learning as the primary mission of the school Deal with others expectations of you as principal Master the technical skills needed to run an efficient school Create and clarify a personal professional growth plan Work effectively with the greater community and parents Celebrate instructional and non instructional staff in a positive school culture Don t just survive Read this guide and thrive The Principal's Edge Jack Mc Call, 2014-01-09 Filled with wisdom and inspiration to help you become a better school leader this book shows you how to transform your school into a Learning Organization It clarifies and expands the first nine domains of knowledge and skills recommended by the National Policy Board **"The Boss of the Whole School"** Elizabeth Ann Hebert, 2006-04-24 Elizabeth Hebert uses her 21 years of experience as an elementary school principal to offer inspiration and guidance to aspiring and practicing administrators Using real life stories from an outstanding career this book examines the responsibilities demands and challenges principals manage on a daily basis demonstrates how qualities of leadership mature over time and the conditions that both nurture and suppress it provides a heartfelt and compelling rationale for becoming and staying a principal New and veteran administrators will recognize the school scenarios and appreciate the sincere voice of the author as she passes on valuable lessons learned **The Principal's Office** Kate Rousmaniere, 2013-11-01 The first comprehensive history of principals in the United States The Principal s Office is the first historical examination of one of the most important figures in American education Originating as a head teacher in the nineteenth century and evolving into the role of contemporary educational leader the school principal has played a central part in the development of American public education A local leader who not only manages the daily needs of the school but also represents district and state officials the school principal is the connecting hinge between classroom practice and educational policy Kate Rousmaniere explores the cultural economic and political pressures that have impacted school leadership over time and considers professionalization the experiences of women and people of color and progressive community initiatives She discusses the intersections between the role of the

school principal with larger movements for civil rights parental and community activism and education reform The school principal emerges as a dynamic character in the center of the educational enterprise ever maneuvering between multiple constituencies responding to technical and bureaucratic demands and enacting different leadership strategies By focusing on the historic development of school leadership this book provides insights into the possibilities of school improvement for contemporary school leaders and reformers Decision Making in Educational Leadership Stephanie Chitpin, Colin W. Evers, 2014-06-05 The increased focus on raising standards in education requires leaders to engage in complex decision making about teacher assessment mandated accountability measures and the collection and use of large amounts of data Showcasing exemplary practices of school and district administrators Decision Making in Educational Leadership covers issues concerning the role of emotion ethical and legal ramifications the use of data and complexity in decision making Chapter authors in this research based volume explore what administrators and school leaders actually know about educational problems how they draw upon and revise theories of action for responding to problems and which theories are tenable in educational decision making This important resource provides a broad and international perspective on effective models and methods of educational decision making and shares valuable knowledge about how theory can be translated into practice in a variety of school settings *They're Called the "Throwaways"*, 2018-11-26 School communities identified these children as the throwaways children who often experienced bullying abuse foster care juvenile detention and special education services In this book children with learning differences engage in artmaking as sensemaking to deepen their understanding of what it means to live on the margins in U S public K 12 schools Their artmaking calls upon educators school leaders and policymakers to actively engage in addressing the injustices many of the children faced in school This book is revolutionary For the first time children with learning differences teachers staff and school leaders come together and share how they understand the role artmaking as sensemaking plays in empowering disenfranchised populations Together they encourage school community members to examine pedagogical practices eliminate exclusive policies and promote social justice oriented work in schools Their artmaking inspires new ways of knowing and responding to the lived experiences of children with learning differences They hope their work encourages school communities to make authentic connections to improve their learning capacity to love others and of most importantly to value oneself Authors first tellings capture the human experience of navigating through oppressive educational systems Authors urge us to consider what it means to be empathic and to engage in the lives of those we serve Their truths remind us to that standing still should never be an option
