**We All Want to Change the World** Kareem Abdul-Jabbar, Raymond Obstfeld, 2025-05-13 A sweeping look back at the protest movements that changed America from activist and NBA legend Kareem Abdul Jabbar with personal and historical insights into lessons they can teach us today A compelling case for standing up for justice at a time when everything it seems is on the line Henry Louis Gates Jr For many it can feel like change takes too long and it might seem that we have not moved very far But political activist Kareem Abdul Jabbar believes that public protest is a vital part of affecting change even if that change doesn't come right now In *We All Want to Change the World* he examines the activism of people of all ages ethnicities and socio economic backgrounds that helped change America documenting events from the Free Speech Movement through the movement for civil rights the fight for women's and LGBTQ rights and of course the protests against the Vietnam War At a time in our history when we are witnessing protests across campuses within the labor movement and following the killing of George Floyd Abdul Jabbar reminds us that protests are a lifeblood of our history Protest movements even peaceful ones are never popular at first But there is a reason protest gatherings have been so frequent throughout history They are effective The United States exists because of them Part history lesson and part personal reminiscences of his own activism *We All Want to Change the World* will resonate with anyone who recognizes the need for social change and is willing to do the work to make it happen

**Re-Imagining Short-Term Missions** Forrest Inslee, Angel Burns, 2022-03-10 This book is for those who suspect that current practices of short term missions are in need of serious reform It is a book for those who recognize that in this decade of global upheaval and in light of the cultural political and demographic shifts affecting churches everywhere now is the time for change The essays here are intended to equip and inspire any who want to advocate for change but may not yet know what change looks like This book offers honest perspectives from people who care about the purposes of short term missions STM yet know that we must figure out better ways of achieving them Nearly all contributors are actively engaged in STM and many write from the perspective of those who host STM teams in places all over the world This book is a platform for visionaries who are calling for better ways for the church to engage the needs of the world In sharing their experiences they hope to promote critical rethinking and creative reimagination about the ways that the global church might learn to collaborate on a new basis of coequality and mutual respect for the good of the world and the glory of God
