**Gilbert Munroe**

## **Stringed Keyboard Instruments:**

**Stringed Keyboard Instruments, 1440-1880** Franz Josef Hirt, 1968      **A History of Stringed Keyboard Instruments** Stewart Pollens, 2022-04-21 This book explores the history of keyboard instruments from their fourteenth century origins to the development of the modern piano It reveals the principles of their design and describes structural and mechanical developments through the medieval and renaissance periods and eighteenth and nineteenth centuries as well as the early music revival Stewart Pollens identifies and describes the types of keyboard instruments played by major composers and virtuosi through the ages and provides the reader with detailed instructions on their regulating stringing tuning and voicing drawn from historical sources      **A Brief History of Stringed Keyboard Instruments** Rosemary L. Jacques, 1970      **Stringed Keyboard Instruments, 1400-1880** Franz Josef Hirt, 1968      **English Stringed Keyboard Instruments and Their Music, 1550-1656** Gordon J. Johnson, 1977      *A History of Stringed Keyboard Instruments* Stewart Pollens, 2022-04-21 The first comprehensive technical and historical study of stringed keyboard instruments from their fourteenth century origins to modern times      *A Description and History of the Pianoforte and of the Older Keyboard Stringed Instruments* Alfred James Hipkins, 1896      **Harpsichord, Clavichord & Fortepiano** Derek Adlam, 2009-06 This book looks at the history of the three types of stringed keyboard instrument that dominated Western music from the sixteenth century to the middle of the nineteenth century The Virginal which provided the musical accompaniment to the reign of Elizabeth 1st was part of the family that also included the harpsichord which was the concert keyboard for over two hundred years and its smaller cousin the spinet which could be found in ladies chambers across Europe But not every polite lady owned a spinet for some this instrument with its plucked strings was altogether too harsh and the clavichord which used flexible quills to stroke the strings was much a much gentler option In the latter part of the eighteenth century a new type of keyboard began to sweep all of these instruments into history the fortepiano the forerunner of the piano This instrument used hammers to strike the strings giving the possibility for the first time of real dynamic contrast      **Prelude** Mark Macdonald, 2014      *On Stringed Keyboard Instruments, Their Makers and Players* Michael Latcham, 2024      **Stringed Keyboard Instruments of the Eighteenth and Early Nineteenth Centuries** Cynthia Kay Hansen Dybdahl, 1962      **From Psaltery to Piano** Nelly van Ree Bernard, 1979      *Stringed Keyboard Instruments in Early Modern England 1520-1720* Lance Whitehead, 1988      *Stringed-keyboard Instruments* Arley G. Curtz, 1968      *A Checklist of Fifteenth-century Representations of Stringed Keyboard Instruments* Edmund Addison Bowles, 1971      **Evolution of Two-manual Stringed Keyboard Instrument** Shuk Ki Wong, 2021 Over the past few centuries manufacturers have been modifying the design of keyboard instruments as a way to expand the instrument s capabilities these modifications include the keyboard ranges their dynamic levels the pedals the number of manuals as well as electronic augmentations The earliest record of double harpsichords can be found from the last quarter of the 16th century where the manuals were pitched a fourth apart to

facilitate transposition Later in the 17th century harpsichords with different numbers of registers and manuals were built a few double manual Italian harpsichords with two 8 registers and one 4 register were made from the middle of the 17th century Harpsichords with richer and fuller sound were also built later in the 18th century opening up a variety of possibilities for new repertoire Later the two manual concept was adapted to the piano and the Mo r piano as well as the hyperpiano represent a culmination in the evolution of keyboard instruments With the expansion of the keyboard s capabilities in the two manual harpsichord players were able to play technically challenging passages in a close position as well as give clarity to dynamic contrasts Composers composed a number of works in response to these innovations ranging from Fran ois Couperin s Pi ces de clavecin J S Bach s Clavier bung II and Goldberg Variations to Ligeti s Continuum This repertoire was written specifically for two manual harpsichords and requires great technical command of the instrument This project explores the history and the repertoire of double manual and other extended keyboard instruments and examines the significance of using such instruments in selected musical examples It also investigates repertoire that can be performed more effectively on a double manual keyboard instead of an ordinary piano due to textural issues overlapped passages and other technical demands

The History of Fingering for Stringed Keyboard Instruments Gilbert Munroe,1971      **Stringed Keyboard Instruments** Franz Josef Hirt,1982-08-21      *Stringed Keyboard Instruments After 1700: Reconstructions of Lautenwercke and a Hämmerpantalone* Eva Badura-Skoda,      Early Keyboard Instruments Philip James,1930
