Harris, 2023-11-29 A new edition of a classic work revealing the little known history of African Americans in New York City before Emancipation The popular understanding of the history of slavery in America almost entirely ignores the institution s extensive reach in the North But the cities of the North were built by and became the home of tens of thousands of enslaved African Americans many of whom would continue to live there as free people after Emancipation In the Shadow of Slavery reveals the history of African Americans in the nation s largest metropolis New York City Leslie M Harris draws on travel accounts autobiographies newspapers literature and organizational records to extend prior studies of racial discrimination She traces the undeniable impact of African Americans on class distinctions politics and community formation by offering vivid portraits of the lives and aspirations of countless black New Yorkers This new edition includes an afterword by the author addressing subsequent research and the ongoing arguments over how slavery and its legacy should be taught memorialized and acknowledged by governments *Bulletin* Montana Extension Service in Agriculture and Home Economics, 1924 *Bulletin of the Calcutta*
