Hollywood film industry as a modern system of labor this book reveals an important untold story of an influential twentieth century workplace Ronny Regev argues that the Hollywood studio system institutionalized creative labor by systemizing and standardizing the work of actors directors writers and cinematographers meshing artistic sensibilities with the efficiency minded rationale of industrial capitalism The employees of the studios emerged as a new class they were wage laborers with enormous salaries artists subjected to budgets and supervision stars bound by contracts As such these workers people like Clark Gable Katharine Hepburn and Anita Loos were the outliers in the American workforce an extraordinary working class Through extensive use of oral histories personal correspondence studio archives and the papers of leading Hollywood luminaries as well as their less known contemporaries Regev demonstrates that as part of their contribution to popular culture Hollywood studios such as Paramount Warner Bros and MGM cultivated a new form of labor one that made work seem like fantasy

**Hitchcock's Stars** Lesley L. Coffin,2017-01-16 After making a name for himself in his native England Alfred Hitchcock was drawn to the U S in 1939 where he had unprecedented access to all of the riches the Hollywood studios had to offer From set designers to cinematographers Hitchcock could draw from the elite personnel behind the camera But his choice of on screen talent was an even greater boon to the director In this book the author shows how the director s keen

sense of business showmanship and artistry helped him make the most of Hollywood's most valuable resource the star system. Chronicling Hitchcock's twenty-eight pictures within the Hollywood system, the author examines how his use of stars evolved and how his status in the industry eventually allowed him to create new stars, change their images, and turn them into film icons. Hitchcock's Stars is a chronological study of Hitchcock's Hollywood films from Rebecca in 1940 to his final film Family Plot and the innovative approach he took to casting films. **The Hollywood Studio System** Douglas Gomery, 1986
