## **Trifurcating Miracle:**

*The Trifurcating Miracle* Satoshi Ikeda, 1998      **After Globalization** Robert K. Schaeffer, 2021-09-20 In the 1980s U S officials adopted tax and monetary policies that channeled huge new resources into Wall Street which fueled a stock market boom To increase profits and payouts to investors as stock prices soared corporate managers consolidated businesses outsourced manufacturing to low wage countries and adopted new technologies to increase productivity Government officials then facilitated mergers and negotiated free trade agreements to speed the process of globalization Wall Street became an engine of capital accumulation and a force for global change These developments resulted in massive job losses and stagnant wages for most Americans Meanwhile tax cuts and the stock market boom created vast new wealth for the rich and the top 10 percent seized 50 percent of all income in the United States The result was growing economic inequality During the decades that followed globalization triggered regional economic crises toppled governments transformed societies galvanized economic development in China and created new forms of wealth and inequality around the world Then in 2008 a financial crisis rooted in Wall Street triggered the Great Recession wrecked the legitimacy of globalization as a development strategy and unleashed populist or restrictionist social movements and political parties that challenged globalization and attacked its economic and political foundations This book examines the origins of globalization in the 1980s the developments that triggered the Great Recession and the political and economic forces that contributed to the disintegration of globalization as a force for change in the modern world *After Globalization* explains what happened and what comes next

**The Trifurcating Miracle** Satoshi Ikeda, 2002 This title examines the transformation of Japan s national economy It employs the concept of the structure of accumulation composed of the organizations of labor credit and markets The postwar Japanese miracle trifurcated into prosperous corporations squeezed workers and parasitic bureaucracy in the slow growth period 1974 91 The miracle continues only for the major Japanese corporations that are East Asianizing and globalizing

**Beyond the Cubicle** Allison J. Pugh, 2017 *Beyond the Cubicle* looks at the hidden ramifications of job insecurity upon workers intimate lives personal relationships and crises of identity and self worth The broad and wide ranging essays explore how changes in work have altered our emotions reworked the interplay of gender race and class and contributed to a contemporary radical individualism in variety of contexts

**Understanding Globalization** Robert K. Schaeffer, 2016-01-14 *Understanding Globalization* introduces students to the concept of globalization providing an essential history overview of key themes and theories and a wealth of engaging examples The fifth edition has been completely revised to connect with students today opening with a discussion of the far reaching causes and effects of the recent financial crisis and including new material on global migration patterns ISIS and more while maintaining the book s accessible and student friendly style The book begins by examining the roots of the recent global financial crisis looking at the roles of inflation the housing crisis Wall Street policy makers and more It also explores the varying impact of globalization from democratization and equality in

some countries to destabilization and inequality in others The fifth edition of Understanding Globalization is a compelling and current introduction to the myriad influences of globalization in our lives

**An East Asian Model for Latin American Success** Anil Hira, 2016-12-14 Latin America is at a uniquely important juncture in its history and the history of development more generally Neoliberal market orientated policies are being called into question growth has been volatile and equity has stayed the same or worsened In Latin America there is no clear direction for change This book presents an alternative development path for Latin America based on an East Asian model East Asia remains the only developing region so far with high stable and equitable economic development Based on in depth analysis and the presentation of new and unique material this study provides a new perspective on the lessons of China s rapid development and examines relations between states and companies that have led to greater success by East Asian companies entering new international markets More importantly it highlights how Latin American politics can and must be transformed

**21st Century Japan** Trevor Harrison, 2008 During 2006 Trevor W Harrison lived worked and traveled in Japan Written on the cusp of several notable events that shook Japan while he was there this work begins with an overview of Japan s history and politics from post World War II up until the present day then examines the reality of Japan s geographic location within Asia as well as its political and economic ties with the West Trevor W Harrison is a professor and chair in the Department of Sociology at the University of Lethbridge in Alberta and editor of Return of the Trojan Horse Alberta and the New World Dis Order

**The Japanese Challenge to the American Neoliberal World Order** Yong Wook Lee, 2008 This book offers the nature and evolution of Japan s most ambitious postwar foreign policy the Japanese challenge to the U S led neoliberal world order in the politics of economic development

Oedipus and the Fabrication of the Father Pietro Pucci, 1992 In Oedipus Tyrannus the son s retroactive discovery of his father reveals a stunning truth and transforms guiltless murder into unbearable patricide But which father is discovered As Oedipus looks to several father figures to Polybus Teiresias and Apollo as well as Laius he finds different laws and lessons and conflicting clues to his own identity According to Pietro Pucci the truth Oedipus discovers is in fact shifting fabrication a son s struggle to answer the question What is a father In Oedipus and the Fabrication of the Father Pucci focuses on the plurality of father figures in Oedipus Tyrannus and offers a

significantly new understanding of the nature of Oedipus's transgression. He examines the shifting relationship between father and son along with notions of patricide and incest, destiny and chance, law and truth, and ironic revenge. Throughout Pucci discusses important readings by other modern interpreters including Freud, Lacan, and Heidegger, as well as Reinhardt, Rudnytsky, Knox, Segal, and Vernant. *Oedipus and the Fabrication of the Father* places the work of Sophocles in a contemporary theoretical context, offering a sophisticated and subtle relocation of the play at the center of current debates on textuality.
