Power and the Powers Andrew R. Hardy, Richard Whitehouse, Dan Yarnell, 2015-10-12 Missio Dei by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world

Newport, Ted Campbell, 2007 For the first time in history this timely landmark volume brings together contributions from the leading scholars working on the life and work of Charles Wesley Published in time for the 2007 tercentenary of Charles Wesley s birth this volume celebrates the continuing importance of Charles Wesley as one of the major figures of 18th century Christian history one of the most prominent hymn writers of the English speaking world and one of the founders of the worldwide Methodist movement The contributors include Jeremy Gregory Geoffrey Wainwright Henry Rack Paul Chilcote Anna Lawrence and Susan White *The Idea of Human Dignity in Korea* Hyung-Kon Kim, 2007

Maddox,1998 One of the most surprising developments in contemporary Methodist theology is the degree to which leading Methodist and Wesleyan systematic theologians are reengaging John Wesley finding his works instructive provocative and stimulating for their own theological reflection Such a broad and purposeful dialogue with Wesley by theologians of the Wesleyan heritage is unprecedented in this century and much rarer in the previous century than is popularly believed This volume presents a set of original essays that represent and embody this new engagement allowing the reader to see how several prominent theologians are self consciously reexamining and reappropriating their theological tradition
