Trisha Brown: Choreographing Life Trisha Brown, André Mesquita, 2020-09-22 A comprehensive tribute to one of the central figures of postmodern dance in America. A founding member of the legendary Judson Dance Theater, American choreographer and dancer Trisha Brown (1936-2017) helped build the tenets of postmodern dance and is now considered one of the most influential figures in American choreography. Trisha Brown: Choreographing Life presents a sizable archive of Brown's career with photographs, drawings, and video stills that illustrate her lifelong contributions to the world of contemporary dance. Brown established her own dance company in 1970 and continued to dance until 2008, during which time she created over 100 dances and six operas. One of her most famous pieces was the product of a creative partnership with artists Laurie Anderson and Robert Rauschenberg after the 1983 premiere of *Set and Reset* at the Brooklyn Academy of Music's Next Wave Festival. Brown was launched into international acclaim. Brown's choreography demonstrates an unparalleled cognizance of space and visuality as indicated by the artistic process apparent in the drawings and diagrams included in this publication. Her work conveys the extent to which movement is an artistic language reflective of the complex relationship between body and mind.

Trisha Brown Susan Rosenberg, 2016-11-01 Trisha Brown reshaped the landscape of modern dance with her game-changing and boundary-defying choreography and visual art. Art historian Susan Rosenberg draws on Brown's archives as well as interviews with Brown and her colleagues to track Brown's deliberate evolutionary trajectory through the first half of her decades-long career. Brown has created over 100 dances, six operas, one ballet, and a significant body of graphic works. This book discusses the formation of Brown's systemic artistic principles and provides close readings of the works that Brown created for non-traditional and art world settings in relation to the first body of works she created for the proscenium stage. Highlighting the cognitive, kinesthetic complexity that defines the making, performing, and watching of these dances, Rosenberg uncovers the importance of composer John Cage's ideas and methods to understand Brown's contributions. One of the most important and influential artists of our time, Brown was the first woman choreographer to receive the coveted MacArthur Foundation Fellowship (Genius Award).

Becomings Johanna Kirk, 2024-06-04 This book explores postmodern choreographic engagements of pregnant bodies in the US over the last 70 years Johanna Kirk discusses how choreographers negotiate identification with the look of their pregnant bodies to maintain a sense of integrity as artists and to control representations of their gender and physical abilities while pregnant Across chapters the artists discussed include Anna Halprin Trisha Brown Twyla Tharp Sandy Jamrog Jane Comfort Jody Oberfelder Jawole Willa Jo Zollar Miguel Guti rrez Yanira Castro No mie LaFrance and Meg Foley By presenting their bodies in performance these artists demonstrate how their experiences surrounding pregnancy intersect not only with their artform and its history but also with their personal experiences of race gender and sexual identification In these pages Johanna Kirk argues that choreography offers them tools that are alternative to medicine or other forms of social representation for understanding what how pregnant bodies do and feel and what they can mean for individuals and their communities The works within these chapters invite readers to see dancing bodies and pregnant bodies in new ways and for their potential to manifest new possibilities This study will be of
