**Collections of the Minnesota Historical Society** Minnesota Historical Society, 1920 **Making the Unknown Known** Victoria H. Cummins, Light Townsend Cummins, 2024-09-02 In *Making the Unknown Known* leading scholars throughout Texas explore the significant role women artists played in developing early Texas art from the nineteenth century through the latter part of the twentieth century. The biographies presented here allow readers to compare these women's experiences across time as they negotiated the gendered expectations about artists in society at large and the Texas art community itself. Surveying the contributions women made to the visual arts in the Lone Star state *Making the Unknown Known* analyzes women's artistic work with respect to geographic and historical connections. Including surveys of the work of artists such as Louise W. Ste. Emma Richardson Cherry Eleanor Onderdonk Grace Spaulding John and others it offers a groundbreaking assessment of the role women artists have played in interpreting the meaning history heritage and unique character of Texas. It places women artists within the larger social and cultural contexts in which they lived. In that regard it contains an analysis of their varied styles of art the media they employed and the subject matter contained in their art. It thus evaluates the contributions made by women artists to defining the nature of the wider Texas experience as an American region. Beautifully illustrated throughout with rich full color reproductions of the works created by the artists this volume provides an enriched understanding of the important but underappreciated role women artists have played in the development of the fine arts in Texas. At last the unknown story can be known.
