Facets of Virtual Environments Fritz Lehmann-Grube, Jan Sablatnig, 2010-02-14 In recent years the popularity of virtual worlds has increased significantly and they have consequently come under closer academic scrutiny Papers about virtual worlds are typically published at conferences or in journals that specialize in something tirely different related to some secondary aspect of the research Thus a paper d cussing legal aspects of virtual worlds may be published in a law journal while a psychologist s analysis of situation awareness may appear at a psychology conference The downside of this is that if you publish a virtual worlds paper at an unrelated conference in this manner you are likely to be one of only a handful of attendees working in the area You will not therefore achieve the most important goal

of tending conferences meeting and conversing with like minded colleagues from the academic community of your field of study Virtual worlds touch on many well established themes in other areas of science Researchers from all these fields will therefore be looking at this new interesting and growing field However to do effective research related to these complex constructs researchers need to take into account many of the other facets from other fields that impact virtual worlds Only by being familiar with and paying attention to all these different aspects can virtual worlds be properly understood **Project Management Approaches for Online Learning Design** Kurubacak, Gulsun,Yuzer, T. The 23 papers presented at the October 2000 symposium overview the latest research in this relatively new field. The main subjects are information presentation and large environments, head-mounted displays, vision-based methods, and non-optical calibration and tracking. Topics include development of a lightweight head-mounted operating microscope, augmenting buildings with infrared information, markerless tracking using planar structures in the scene, and autocalibration of an electronic compass in an outdoor augmented reality system. No subject index. Annotation copyrighted by Book News Inc, Portland, OR. **Live and Online!** Jennifer Hofmann, 2004-02-26 This book suggests tips for the virtual classroom, ways for trainers to communicate, and for students to behave when body language and eye contact are eliminated. The successful online program starts with valid content and instructional design. Next, there must be participant motivation, opportunities to collaborate and interact, usable technology, and an active trainer. A CD-ROM contains sample exercises for using whiteboards, chats, breakout rooms, application sharing, and synchronous web browsing. Appendices include a design checklist, sample leader and participant guides, vendor list, and glossary.
