The Rainbow Comes and Goes Diana Cooper, 2018-05-03 Lady Diana Cooper was a star of the early twentieth stage screen and social scene This first instalment of her sparkling autobiography tells of her upbringing her beautiful artistic mother and aristocratic father her debut into high society and the glittering parties dancing and extravagance and lashing of wine and charades and moonlit balconies and kisses which were interrupted with the outbreak of the First World War This volume ends with Diana's marriage to the love of her life diplomat and politician Duff Cooper

On Bicycles Evan Friss, 2019-05-07 Subways and yellow taxis may be the icons of New York transportation but it is the bicycle that has the longest claim to New York's streets two hundred years and counting Never has it taken to the streets without controversy 1819 was the year of the city's first bicycle and also its first bicycle ban Debates around the bicycle's place in city life have been so persistent not just because of its many uses recreation sport transportation business but because of changing conceptions of who cyclists are In *On Bicycles* Evan Friss traces the colorful and fraught history of cycling in New York City He uncovers the bicycle's place in the city over time showing how it has served as a mirror of the city's changing social economic infrastructural and cultural politics since it first appeared It has been central as when horse

drawn carriages shared the road with bicycle lanes in the 1890s peripheral when Robert Moses's car-centric vision made room for bicycles only as recreation and aggressively marginalized when Ed Koch's battle against bike messengers culminated in the short-lived 1987 Midtown Bike Ban. On Bicycles illuminates how the city as we know it today veined with over a thousand miles of bicycle lanes reflects a fitful journey powered and opposed by New York City's people and its politics.
