Sudden Thoughts:

The Spiritual Man Volume 3 Watchman Nee, This book is divided into three volumes with ten sections The book was written in the latter part of 1925 and completed in June 1927 The following explanation by the author himself on the nature of the book is quoted from an announcement in Issue No 3 of The Present Testimony This book puts particular emphasis on spiritual reality Hence what is covered in each volume can all be attested in experience nothing is there as an empty word The most frustrating experience of believers today is that in seeking progress on the spiritual path they do not find the proper way As a result they grope in darkness being at times high or low lingering around the crossroads year in and year out and having no one to consult for direction The author of this book was such a one For this reason the book emphasizes clear guidance on the proper path Every chapter of this book is intended to guide believers on the right course Therefore all those who seek after God with an honest heart can go step by step accordingly Almost every chapter begins from the perspective of the sinner and proceeds step by step toward the peak of spiritual life The whole book covers a wide scope every question concerning the spiritual life that the believers want to know but cannot answer is explained here For example difficult matters such as hearing God s voice and understanding God s will are all clearly explained After reading this book all major spiritual problems will be fully resolved Regeneration salvation sanctification denying the self the filling of the Holy Spirit and power the baptism of the Spirit fellowship prayer Bible study identification in death the flesh the soulish life the emotion supernatural experiences miracles the discernment of true and false speaking in tongues the intuition the conscience revelation of God spiritual work warfare with Satan the evil spirits demon possession the free will the renewing of the mind passivity consecration affection the feeling of coldness and hotness the body illness the way to escape death and countless other subjects are explained in the deepest as well as the simplest way If a believer wants to walk on the proper spiritual course he must read this book If anyone wants to help others and explain to others their true condition they also cannot skip this book All who read this book will find light even on many ordinarily overlooked topics Even a matter as familiar as regeneration will be understood in a way that was unthought of before
