## **Two Plus Two Equals Six:**

**Two Plus Two Equals Six** Bobby D. Larson, 2000-07 Because of their success conducting a multi state raid on a large narcotics empire Arnie and Tom are granted a three month vacation The first relief from the rigid and stressful life they have known for at least the last eight years Journey with them in Tom s large motor home as they head south to Dreamland a fabulous fishing and camping lake You will feel the boys start to shed the stresses and pressures of their jobs and begin to live again Crusty Old Cap Anderson shows these city slickers how to jug fish Arnie meets Dorsey and Tom meets Celsy They are widowed sisters The girls circle of friends open their arms to the insurance investigators from up north Naturally Arnie and his buddy fall in love with Dorsey and Celsy It has been a glorious summer for them but sadly the vacation comes to an end The fellows are faced with a dilemma that can have only one solution They must leave and go back to the danger and stress of their sworn commitment You will want to read each word to learn why this book is titled Two Plus Two Equals Six You will be surprised by the turn of events that make a happy ending *Only Death Can Break Us Apart* Michael Rojas, Xia Hongying s wish was simple to live a good peaceful life But people s hearts are unpredictable Her husband was a soldier away from home year round Her sister in law was like a sworn enemy always gloating at her misfortune Her parents in law were biased constantly scheming to make her subsidize the eldest son Her younger sister in law was foolish being played in circles by a scumbag man By the time Huo Nanxun returned from the army bringing back with him a young widow whatever affection she had for him was nearly worn away She once overheard someone ask Huo Nanxun A marriage arranged by a matchmaker does it mean there s no real love His silence at that moment was chilling So Xia Hongying decisively chose divorce Who would have thought Huo Nanxun suddenly lost control trapping her in his arms eyes bloodshot veins bulging Divorce The only way you ll be free of me is if I die He was the strongest special forces soldier under his iron hand everyone who had ever hurt her received retribution He held her in his palm saying My body is yours my heart is yours my salary is yours even if your heart belongs to someone else Only then did Xia Hongying realize he had loved her for ten years yet all along he had mistaken his own elder brother for the man in her heart Mommy The little boy looked up holding a certificate I came first in the whole county again Please don t fight with Daddy okay Xia Hongying picked him up kissed his cheek and then by chance kissed Huo Nanxun as well *The Logic of Alice* Bernard M. Patten, 2010-09-09 Many commentaries have been devoted to Lewis Carroll s masterpiece Alice s Adventures in Wonderland The interpretations range from Freudian analysis to speculations about the real life people who may have inspired the animal characters In this unique approach to interpreting Alice the fruit of ten years of research Dr Bernard M Patten shows that Charles Lutwidge Dodgson aka Lewis Carroll fused his passion for logic mathematics and games with his love of words and nonsense stories to produce a multifaceted intricately structured work of literature Patten provides a chapter by chapter skeleton key to Alice which meticulously demonstrates how its various episodes reveal Dodgson s profound knowledge of the rules of clear thinking

informal and formal logic symbolic logic and human nature As Patten makes clear Alice s Adventures in Wonderland far from being just an entertaining children s book is more complex and deeply reflective of Dodgson s character than it may seem By making an effort to understand its deeper layers both children and adults may profit from this masterful tale by learning to think better and along the way having fun
