The Nine Bright Shiners:

The Nine Bright Shiners Anne Ridler, 1944 The Nine Bright Shiners, by Anne Ridler Anne L. Ridler, 1943 **Nine Bright Shiners** Lois Lamplugh, 1963 **The Nine Bright Shiners. [Poems.]** afterwards RIDLER BRADBY (Anne Barbara), 1943 Richard Outram Ingrid Ruthig, 2011

Something of a foreigner in his own country Richard Outram was uncommonly dedicated to living an examined life and to the act of creation for its own reward This book represents a posthumous introductory panorama of this late Canadian poet's work written by those who continue to admire his achievement Much of it is new material offering fresh consideration and a charting of the path of Outram's lifelong engagement with poetry

The Simple Complexity of Number Nine Said Hany, 2015-09-04 Since man was created he realised that his fingers were his best tools He built his counting system on those fingers with which he learned to develop writing writing the numbers and the alphabet Our concept of numbers is born with us before that of speech and writing The brain is conscious of numbers from the very early stages of development This concept progresses with education practice and applications i e through life experiences Our life journeys from beginning to end go through a path totally surrounded by numbers We adapt ourselves through this journey to make some sense of it Hence numbers are a major and essential part of our existence This book highlights the history and development of numbers and delves into the mystery of number 9 in a wide variety of mathematical excursions The famous Fibonacci numbers as well as other numbers and sequences fall under the mystique of number 9

Softly By Moonlight Bron Fane, Lionel Fanthorpe, Patricia Fanthorpe, 2014-02-27 Brinton couldn't believe the inscription when he read it in the cold white moonlight He was looking at his own grave He tried to read the date but the light wasn't strong enough to be certain He returned to the graveyard by daylight but the grave had gone He left the town in horror but the grave followed him He was drawn to burial grounds like iron to a magnet It was always the same By Moonlight he saw the grave but never the date By day he saw nothing One night he saw the month Then they day at last he saw the year He knew he was due to die in one week What could he do Can a man forestall his fate Can a mortal outwit the dark designs of destiny Was it all in his mind Perhaps Roger Brinton was mad The asylum is warmer than the grave The day before he was due to die he saw the grave again The earth was newly turned it was waiting for him
