*The Caribbean Policy of the Ulysses S. Grant Administration* Stephen McCullough, 2017-11-30 From 1869 to 1877 the United States found itself deeply involved in the Caribbean as Washington sought to replace European influence and colonialism with an informal American empire The Ulysses S Grant administration primarily dealt with an uprising in Spanish Cuba known as the Ten Years War that threatened to draw in the United States The Cuban rebels used the United States as a base of support causing conflict between Washington and Madrid Many Americans including Grant wanted to replace Spanish rule in Cuba with a U S protectorate but Secretary of State Hamilton Fish opposed American colonial entanglements President Grant looked to expand U S interests in the Caribbean He looked to acquire colonies to provide naval bases to protect the trade routes to a potential American built and controlled canal in Central America Fish preferred to expand U S commercial interests in the region rather than acquiring colonies At no time was he prepared to obligate the United States to any long term commitments He wanted to end the war in Cuba because it hurt U S economic interests He had no desire to acquire territory but expected the Caribbean to fall into the U S economic sphere Despite his personal opposition to territorial acquisition in Fish went along with Grant s Dominican annexation project because he foresaw it as a chance to end European imperialism and to gain the president s confidence The Senate s failure to approve the Dominican annexation only hardened his opposition to the creation of an American empire He rejected Haitian offers of a naval base within that country and he continually sought an end to the Cuban rebellion lest it drag in the United States Though the administration s many peace initiatives failed it forestalled Congressional intervention and kept the United States neutral in the conflict
