Wolves and Werewolves John Pollard,1964 [In the company of wolves](#) Sam George,Bill Hughes,2020-02-05 In the company of wolves presents further research from the Open Graves Open Minds Project It connects together innovative research from a variety of perspectives on the cultural significance of wolves wild children and werewolves as portrayed in different media and genres We begin with the wolf itself as it has been interpreted as a cultural symbol and how it figures in contemporary debates about wilderness and nature Alongside this we consider eighteenth century debates about wild children often thought to have been raised by wolves and other animals and their role in key questions about the origins of language and society The collection continues with essays on werewolves and other shapeshifters as depicted in folk tales literature film and TV concluding with the transition from animal to human in contemporary art poetry and fashion
