**The Bible in the Baptist Tradition** Chair Department of Religion and Barbara Jo Beard Driskell Professor in Historical Studies C Douglas Weaver, University Distinguished Professor Kidd L and Buna Hitchcock Macon Chair in Religion Mikeal C Parsons, 2026-02-02 The Bible and Baptist Tradition surveys the ways in which Baptists have engaged with the Bible as a source of authority That engagement has sometimes taken the form of proof texting the Bible to support beliefs that Baptists know to be true at times the engagement is a struggle to come to terms with the plain meaning of Scripture that challenges those well worn assumptions of Truth The first chapter explores the question what defines Baptist identity Freedom of conscience believer s baptism and believer s church soul competency and local church independence assertions of the sole authority of the Bible rather than adherence to creeds and the interplay of personal communal experience the Bible and the Spirit have been around for over 400 years in the Baptist story Wherever the experience of freedom is central to identity diversity of expression is sure to follow This book traces the role the Bible has played in the formation of Baptist creeds and confessions chapter 2 the struggle to come to terms with the challenges of higher criticism in biblical studies chapter 3 and the impact of the Bible on issues of gender race and sexuality chapter 4 The book s final major chapter looks at specific Baptist interpretations of a particularly important passage Acts 2 and the account of Pentecost and Peter s sermon Throughout their history Baptists have grappled with the lively dynamic of personal and communal experience and biblical authority These are their stories Provided by publisher *Maps of Women's Goings and Stayings* Rela Mazali, 2001 This book tells the life and travel stories of fascinating women whether in fact or as possibility and examines women s physical mobility in a culture of gendered postcolonial space that restricts their movement Straddling the divide between fiction and scholarship it combines fictional narrative contemplation theoretical thinking scholarly discussions and interviews

**Prostitution, Pornography and Trafficking in Women** Esther Hertzog, Erella Shadmi, 2019-01-15 This book critically analyzes the sex industry in Israel using feminist concepts and scholarship to elaborate on the power of prostitution to shape a world in which women are objects for fulfilling men s desires A comprehensive collection of research based articles that examine prostitution trafficking in women and pornography from divergent disciplinary angles it reveals the interconnectedness of these three aspects of the sex trade which objectifies commercializes and exploits human and in particular women s sexuality Showing these practices to be embedded in a capitalist and patriarchal oppressive context that is accommodated by state institutions this volume rejects the argument that it is possible to choose prostitution and that feminist pornography is possible With case studies including the conspicuous context of migration that attracts sex traffickers the liberal discourse introduced by cinema the media and the arts that serve to legitimate prostitution and pornography the chauvinist macho culture that perceives and treats women as sex objects and the issues of male prostitution

and men as clients Prostitution Pornography and Trafficking in Women Israel's Blood Money constitutes a study of Israel as a unique context in which the sex trade can prosper in spite of geographical religious and institutional constraints As such it will be of interest to scholars of sociology anthropology history cultural studies and gender and women's studies

**Birth Pain** Verena Schmid, 2011 A book for midwives who would like to explore how best to help women cope with pain and fear This book contains information about the physiological and psychological functions of pain cultural influences on the experience of labour pain elective caesareans which are supposedly a simpler alternative advantages and drawbacks of using pharmacological pain relief information and ideas on how to transform labour pain into an experience of strength and power While the book provides information on a very wide range of pain relief options and the emphasis is on maternal choice it also presents many convincing arguments for normal physiological birth It can therefore make a contribution to helping reduce the rate of unnecessary caesareans and help midwives improve rates of maternal satisfaction Forewords by Dr Trudy Stevens and Dr H l ne Vadeboncoeur

*Women, Power and Subversion (Routledge Revivals)* Judith Lowder Newton, 2013-11-05 First published in 1981 this book explores the reactions of some female writers to the social effects of industrial capitalism between 1778 and 1860 The period set in motion a crisis over the status of middle class women that culminated in the constructed idea of women's proper sphere This concept disguised inequities between men and women first by asserting the reality of female power and then by restricting it to self-sacrificing influence In this book Judith Newton analyses novels such as Fanny Burney's *Evelina* Jane Austen's *Pride and Prejudice* Charlotte Brontë's *Villette* and George Eliot's *The Mill on the Floss* in order to demonstrate how some female writers reacted to the issue by covertly resisting inequities of power and reconciling ideologies in their art She argues that in this time period novels became increasingly rebellious as well as ambivalent Heroines were endowed with power and emphasis was given to female ability rather than to feminine influence
