Women In Distreb:

Facing the Complexities of Women's Sexual Desire Vera S. Maass,2006-11-22 This book represents a broad based approach to a narrow but complex issue The issue causes distress for many and has been instrumental in family disruption and divorce Women s sexual desire whether it is too little or too much has become an issue of growing concern and vague promises for solution In the meantime the women are looking for answers consulting professionals in the field of human sexuality physicians or therapists media advice and self help books The material discussed in this book is not part of any structured research The women encountered in the pages of this book have not been selected on a random basis Some have been clients some are volunteers from the general population and another group is made up of undergraduate college students The college s dents came from a varied ethnic and cultural background while the clients mainly were of white and African American background The volunteers were predo nantly from a white middle class population There is no claim that the women are representative of all women in the general population *Parliamentary Papers* Great Britain. House of Commons,1909 **Architect** ,1914 **Understanding Depression** Janet Stoppard,2014-01-14 Women are particularly vulnerable to depression Understanding Depression provides an in depth critical examination of mainstream approaches to understanding and treating depression from a feminist perspective Janet Stoppard argues that current approaches give only partial accounts of womens experiences of depression and concludes that a better understanding will only be achieved when womens experiences and lived realities are considered in relation to the material and social conditions in which their everyday lives are embedded The impact of this change in approach for modes of treatment are discussed and solutions are suggested Understanding Depression offers new insights into the problem and its treatment It will prove useful to those with an interest in depression and gender as well as mental health practitioners **Royal Commission on the Poor Laws and Relief of Distress: v. 4.
