**Sacred Fictions** Lynda L. Coon,2010-11-24 Late antique and early medieval hagiographic texts present holy women as simultaneously pious and corrupt hideous and beautiful exemplars of depravity and models of sanctity In *Sacred Fictions* Lynda Coon unpacks these paradoxical representations to reveal the construction and circumscription of women's roles in the early Christian centuries Coon discerns three distinct paradigms for female sanctity in saints' lives and patristic and monastic writings Women are recurrently figured as repentant desert hermits wealthy widows or cloistered ascetic nuns and biblical discourse informs the narrative content rhetorical strategies and symbolic meanings of these texts in complex and multivalent ways If hagiographers made their women saints walk on water resurrect the dead or consecrate the Eucharist they also curbed the power of women by teaching that the daughters of Eve must make their bodies impenetrable through militant chastity or spiritual exile and must eradicate self-indulgence through ascetic attire or philanthropy The windows the sacred fiction of holy women open on the past are far from transparent driven by both literary invention and moral imperative the stories they tell helped shape Western gender constructs that have survived into modern times      **Studies in the Text Tradition of St. Jerome's Vitae Patrum. devotion on a wide scale      **The Vitae Patrum in Old and Middle English Literature** Mrs. Constance (Lowengrund) Rosenthal,1936      **Early Modern Publishers** Barnaby Cullen,Ian Maclean,Arthur der Weduwen,2025-07-16 Publishers play an indisputably important part in book history but cover such wide areas of activity that they are rarely given a formal definition This volume seeks to place the publisher at the heart of the early modern book trade It examines their identities and careers the business strategies they adopted for survival their involvement in the professional religious political and economic conditions in which they found themselves and the constraints under which they had to operate By presenting more than twenty case studies on individual and groups of publishers active in Sweden Prussia Switzerland France Italy England Ireland Germany and the Low Countries this volume makes a major contribution to the study of an elusive but essential figure in the history of the early modern book      **Studies in the Text Tradition of St. Jerome's Vitae Patrum** John Frank Churf,William Abbott Oldfather,2013-10 This is a new release of the original 1943 edition      **Vitae Patrum** ,1936      Vitae patrum and other text(s) ,      *Vitae Patrum* Georg Maior,Martin Luther,1544      *Vitae Patrum* Hieronymus,1490
