Adultism Manfred Liebel, Philip Meade, 2026-03-10 Despite global advances in children's rights young people are routinely disregarded, overpowered, and excluded. This persistent discrimination, known as adultism, permeates family life, education, urban design, legal systems, and political discourse. In this groundbreaking book, the authors provide a comprehensive introduction to adultism from an academic perspective while also emphasizing its practical implications. Drawing on rich, real-world examples and research, they analyse it as a systemic form of discrimination, exploring how it evolved and is reproduced through language, institutions, and everyday practices. Timely, accessible, and urgent, this book offers a vision for resistance and transformation, outlining how adultism can be challenged by both adults and young people to co-create a more equitable future.
