The Oldest History of the World, Discovered by Occult Science in Detroit, Mich Benjamin Evangelist, 1926 Freakery  
Rosemarie Garland-Thomson, 1996-10 A groundbreaking anthology that probes the disposition towards the visually different  
Giants Midgets Tribal non Westerners The very fat The very thin Hermaphrodites Conjoined twins The disabled The very  
hirsute In American history all have shared the platform equally as freaks human oddities their only commonality their  
assigned role of anomalous other to the gathered throngs For the price of a ticket freak shows offered spectators an icon of  
bodily otherness whose difference from them secured their own membership in a common American identity by comparison  
ordinary tractable normal Rosemarie Thomson's groundbreaking anthology probes America's disposition toward the visually  
different The book's essays fall into four main categories historical explorations of American freak shows in the era of P T  
Barnum the articulation of the freak in literary and textual discourses contemporary relocations of freak shows and  
theoretical analyses of freak culture Essays address such diverse topics as American colonialism and public presentations of  
natives laughing gas demonstrations in the 1840s Shirley Temple and Tom Thumb Todd Browning's landmark movie Freaks  
bodybuilders as postmodern freaks freaks in Star Trek Michael Jackson's identification with the Elephant Man and the  
modern talk show as a reconfiguration of the freak show In her introduction Thomson traces the freak show from antiquity to  
the modern period and explores the constitutive political and textual properties of such exhibits Freakery is a fresh insightful  
exploration of a heretofore neglected aspect of American mass culture **Webster's Handy Dictionary and the People's

know that the Mannlicher bullets of eleven bad Mexicans were whining over his head and whizzing past the hoofs of his  
galloping stolen horse The shots were mingled with yelps which pretty well curdled his spine In the circumstances the  
unknown range of snow mountains towering blue and white beyond the arid windy plateau offering he could not tell what  
dangers seemed a paradise Looking at them Kirby laughed harshly to himself As he dug the heels of his aviator's boots into  
the stallion's flanks the animal galloped even faster than before and Kirby took hope Then more bullets and more yelps made  
him think that his advantage might prove only temporary Nevertheless he laughed again and as he became accustomed to  
the feel of a stallion under him he even essayed a few pistol shots back at the pack of frantic swarthy devils he had fooled  
Three hours ago he had been eating a peaceful breakfast with his friend and commandant Colonel Miguel de Castanar in the
