Discovering the Apostle's Doctrine James F. Disbrow, 2005-03-21 Discovering the Apostles Doctrine is sure to inflame the Christian community and will be considered a very controversial read by those who study God's word with an inflexible understanding of Christian theology Once the pages of this book and the minds of the readers are opened the comments of the author intertwined with biblical truth of scripture will bring a new enlightenment and a deeper understanding of God's will In Christendom over the last 2 millenniums there has been a departure from the true gospel of Jesus Christ as was presented by his apostles In fact the doctrines that were expressly taught by the apostles of Jesus Christ and that are presented in the New Testament are for the most part not followed by Christendom today This book will bring the readers attention to the many warnings which God has given mankind through his prophets the apostles and His son Jesus Christ These warnings were given that mankind then and now might be made aware that there exists in the world false prophets wolves in sheeps clothing false Christs traditions of men and doctrines of devils with one purpose to destroy mans hope of any relationship with God In the spirit of the Watchman on the Wall it has been the writers effort to not only warn the reader but to give biblical direction to the saving grace that is found in Jesus Christ alone This book will be the cause of much debate and will be considered heretical in many corners of Christendom However a closer look at the scriptures and with the help of the authors comments the reader will uncover the fundamental truths of God and embrace the eternal hope that is in Jesus Christ Jesus tells us that it is the broad way that will lead humanity to destruction and unfortunately many people will follow that path Broadway is known for its bright lights its glamour excitement and its many opportunities to indulge ones self The broad way is also the way of deception distraction discouragement destruction and death Jesus further explained that the road or pathway to eternal life is a narrow passage and few people will find it It is the writers prayer that this book will provoke the reader to study their bible with a receptive mind comparing scripture with scripture Jesus died for everyone of us but the bible tells us that heaven itself is not for everyone Revelation 21:27 states that there shall in no wise enter into the city of God any thing that defiles neither those who have an abdominal life style or those who are filled with deception liars however those who have believed the truth of the scriptures will have found eternal life

and their new home A person must be born in to the family of God through faith in Jesus Christ The apostles of Jesus have given us the road map to eternal life through their writings found in Gods word Discovering the Apostles Doctrine will reassure the reader that Jesus is the way the truth and the life Every professing Christian and every soul looking for Gods truth needs to read this book with their Bible at least once This book is not fiction and it is not meant to be read for entertainment This book is a sincere look into the word of God as it was brought to humanity by Gods prophets and the apostles of Jesus This book is meant to help the reader think pray and secure their eternal salvation

The Acts of the Apostles and the epistles of Paul, arranged in the form of a continuous history. With notes critical and explanatory Thomas Morrison (LL.D.),1888

Paul The Mind Of The Apostle A N Wilson,1997 A N Wilson makes clear in this gripping narrative that Christianity without Paul is quite literally nothing Jesus with the layers of scholarship stripped away is a fervent Jew who will lead his followers into a stricter purer observance of Judaism it is Paul who will claim divinity for him who will transform him into the Messiah center of an entirely new religion

St. Paul the Apostle Irving Brittle Jr.,2017-11-28 The apostle Paul was the first great missionary pastor and theologian of the early Christian church and today we recognize that St Pauls contributions to Christianity make him the most important biblical figure in the New Testament next to only Jesus Christ and God Yet how much do we truly know about this resilient strong willed man of faith How did this man once a devout Jew and zealous Pharisee come to never lose sight of his mission

to spread the new theology that would later be known as Christianity In St Paul the Apostle author Irving Brittle Jr uses resources from more than one hundred academics theologians and researchers to sow a basic concise biographical and historical portrait of St Paul the apostle He touches on Pauls life within the Roman Empire and his time as a zealot Pharisee before the transformational encounter on the road to Damascus where Paul first had his life changing vision and dialogue with Jesus Christ St Paul the Apostle also covers Pauls three missions through Asia Minor Eastern Europe and Rome and it introduces the cast of companions who accompanied Paul while he spread the Gospel of Christ Even though we may not know the exact time of his martyrdom at the hands of Nero Paul can rest assured his Gospel of Jesus Christ and his thirteen epistles are still the cornerstone of mainstream Christianity today

Paul, the Apostle of Jesus Christ Ferdinand Christian Baur,2021-05-28 Baur s Paul the Apostle of Jesus Christ was the major study of Paul published in the nineteenth century and it is one of the greatest works of all time on Paul It lays the basis for modern Pauline scholarship The first part The Life and Activity of the Apostle Paul consists of a thoroughgoing deconstruction of the account of Paul found in the Acts of the Apostles While the author of Acts passed on historical traditions about Paul he greatly embellished them with stories about the miraculous feats of the apostles and constructed the entire account to show fictitious parallels between the apostles Peter and Paul The second part The Epistles of the Apostle Paul is divided into three main sections the authentic epistles of Paul Galatians 1 and 2 Corinthians Romans the deutero Pauline epistles Ephesians Colossians Philippians Thessalonians Philemon and the Pastoral Epistles 1 and 2 Timothy Titus In the first two parts Baur s historical critical skills are at their finest The third part The Apostle s Theological Framework draws the elements of Pauline theology into a magnificent synthesis where the influence of Hegel and Schleiermacher is evident The earlier English translation is no longer adequate Our new translation presents a very readable text with critical annotations and translations of all the scriptural passages quoted in Greek Baur on Paul truly becomes available in English for the first time

The Apostle Paul Marion L. Soards,1987 This dynamic new consideration of Paul addresses the three basic subjects that make up Pauline studies Paul s life letters and theology and argues that these elements must be treated together since to do otherwise risks distorting one or more of the arguments
