Harold Lindsell

The Armageddon Spectre:

The Armageddon Spectre Harold Lindsell, 1984-01-01 Dr Lindsell shows the truth behind the intentions of the Soviet Union and the need for realistic deterrence He looks at the mistaken idealism of the pacifist movement for unilateral disarmament while showing the tragic results this would have He shows the need for human rights for all people and that people who are living in persecution and slavery are not at peace Back cover **Arguing the Apocalypse** Stephen D. O'Leary, 1998 Armageddon and a map of millennial consciousness **Apocalyptic Fever** Richard G. Kyle, 2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more *When Time Shall Be No More* Paul Boyer, 1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood *When Time Shall Be No More* offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture THE JUST WAR TRADITION AND NUCLEAR WEAPONS IN THE NEW COLD WAR ERA Lawrence J. Terlizzese, 2025-05-31 Can Nuclear War Ever Be Just In a world teetering on the edge of renewed global conflict *The Just War Tradition and Nuclear Weapons in the New Cold War Era* confronts the chilling reality of modern warfare with moral clarity and philosophical depth Lawrence J Terlizzese revisits the timeless ethical questions of war and peace applying the classic principles of just war theory to today's most dangerous weapons and geopolitical tensions From the halls of ancient Rome to the deserts of Iraq from pacifism to proportionality Terlizzese traces the historical biblical and philosophical development of the just war tradition But this is no academic exercise With sobering insight he explores present threats radical Islam Chinese expansion Russian aggression and the terrifying possibility of nuclear first strikes In a world where ideology religion and nationalism collide in violent upheaval this book provides a necessary framework for Christians statesmen and citizens to consider when war especially nuclear war becomes thinkable Combining rigorous theological analysis with strategic realism Terlizzese offers a balanced and compelling argument war must always be mourned never glorified and if it must be waged it must be bound by justice Drawing from his original thesis and updated in light of 21st century threats this edition reminds us

that peace is not passive It must be defended and it begins with the conscience **The Antigay Agenda** Didi Herman,2007-12-01 In *The Antigay Agenda* Didi Herman probes the values beliefs and rhetoric of the organizations of the Christian Right Tracing the emergence of their antigay agenda Herman explores how and why these groups made antigay activity a top priority and how it relates to their political history A penetrating analysis of the Christian Right s antigay agenda and of how that agenda is derived from the Christian Right s peculiar vision of American history and the Christian faith Rev Peter J Gomes Boston Book Review Public intellectualism at its best A comprehensive summary of the conservative Protestant worldview Michael Joseph Gross Boston Phoenix Literary Section Presents considerable information not previously part of the nation s political discourse Herman dissects the Christian Right s antigay stance dispassionately giving as it were the devil his due For anyone on either side of this passionate and important conflict that is an impressive accomplishment Hastings Wyman Jr Washington Post Book World **The Apocalypse** Paolo Gallico,1922 **The Last Days are Here Again** Richard G. Kyle,1998 A handy comprehensive guide to the history of both Christian and secular end times thought and movements Armageddon Eugene William Löhrike,1930 **Visions of the Apocalypse** Wheeler W. Dixon,2003 *Visions of the Apocalypse* examines the cinema s fascination with the prospect of nuclear and or natural annihilation as seen in such films as *Saving Private Ryan* *Bowling for Columbine* *We Were Soldiers* *The Last Days of Man on Earth* and numerous others Encompassing both questions of physical and filmic mortality this book is a meditation on the questions of time memory and the cinema s seemingly unending appetite for spectacles of destruction *The New Millennium Manual* Robert G. Clouse,Robert N. Hosack,Richard V. Pierard,1999 A balanced examination of the historical theological and cultural issues raised by the coming new millennium is presented in an illustrated user friendly format
