One of your classmates is spreading lies about you. Instead of immediately confronting them, how can you get to the root cause and address the situation calmly?

I can try to get as much information I possibly can on what exactly is being said and who else might be involved. And why are they spreading rumors about it? Talking to other classmates or friends who have heard the rumors can help me understand the full picture about what exactly is being said and who else might be involved.

REFLECTION

Think about a time when you felt proud of yourself...

What did you do that made you feel proud?
 I was proud when I helped my friend who was feeling lonely with my new invention I designed and when I saw that I had my problems and I helped my team from us to be our best.

How did it make you feel?
 It made me feel good to know that I could help someone else learn something new.
