The Elementary Principal's Handbook Larry W. Hughes, Gerald C. Ubben, 1978 **Resources in Education** ,1994

The Elementary Principal's Handbook Larry W. Hughes, Gerald C. Ubben, 1994 A comprehensive treatment of the role and functions of the elementary principal for those holding or training for principalships The volume is divided into three parts organizational realities and societal impingements leadership and management tasks and functions and leadership processes Revis **Principals in Action** Van Cleve Morris, 1984 **Instructional Leadership** William Greenfield, 1987

The Effective Principal Arthur Blumberg, William Greenfield, 1986 *The Principal* Gerald C. Ubben, Larry W. Hughes, Cynthia J. Norris, 2004 This text is organized around the ISLLC Standards and provides a bridge from the theory of school administration to the practical problem solving in which school principals and other leaders engage The Principal is organized into four parts centered on the six Interstate School Leaders Licensure Consortium ISLLC Standards developed specifically for school leaders Each of the four major parts of the book is framed with one or two of the Standards as its major theme Now in its Fifth Edition this text continues to be based on the research indicating linkages between educational leadership and productive schools especially in terms of outcomes for children It supports the understanding that formal leadership in schools is a complex multi faceted task that requires continual learning and that effective school leaders must be strong educators focused on the central issues of learning teaching and school improvement School leaders must also be moral agents and social advocates for the children and communities they serve while working with community stakeholders to create learning communities that value and care for others as individuals and as members of the educational community

1976 to 1982 British Library, 1983 **Personnel Management for Effective Schools** John T. Seyfarth, 1991 The aim of

this book is to alert prospective and practicing school administrators to the wide range of activities covered by the term personnel management and to present the best of current practice in the field The broad scope of the text illuminates the relationships between present and future personnel staff members directors of instruction and Principals or Assistant Principals The text also demonstrates their common goal of improving the school system **Minnesota Principal Assessment Center** Randall Rance Zipf,1997 **Education Career Directory** Bradley J. Morgan,1994 *The Principalship* Lawrence F. Rossow,Linda Sue Warner,2000 In this book Rossow and Warner incorporate the best of all the advances in the theories and developments in the field on study devoted to the principalship since 1990 Although the titles to the eleven chapters remain the same as those found in the first edition much has changed Since many areas addressed in the first edition are nearly timeless some topics are presented again One of the basic premises in the first edition came from a clear change in the direction the principalship was taking in the late 1980s and early 1990s There was a movement away from principal as manager of people and a building to principal as instructional leader Unlike a number of movements in education which turn out to be merely fads there has been no change in this direction for principalship The literature and the training for future principals continues to capture the concept that principals must be instructional leaders while attending to the safety of students and teachers This book will assist those responsible for the education of principals as well as help those already in the field become updated on the newest advances in the discipline
