## U2 Numb:

*U2's Songs of Trauma and Hope* Ingunn Røysland, 2024-03-18 In U2's *Songs of Trauma and Hope* Between the Midnight and the Dawning Ingunn Røysland and Charles Ivan Armstrong show that trauma is an important theme for U2. While this leads the band to confront extreme instances of grief and suffering, this does not prevent them to cross in the words of their song *A Sort of Homecoming* the fields of mourning to a light that is in the distance. Theories from trauma and memory studies are deployed in the examination of song lyrics and performances by U2 spanning from the early days of the band to more recent times. In their exploration of light and dark of hope and trauma within the U2 catalogue Røysland and Armstrong acknowledge the complexity of the songs addressing different layers including romantic as well as divine allegory. The authors also address the band's troublesome lyrics with an entire chapter devoted to *Sunday Bloody Sunday* as well as the role of multidirectional memory and significant places so called *lieux de mémoire* in U2's dealings with a range of historical conflicts and crises. They further examine how music plays an important part in the path of healing from traumatic wounds analysing the reception of the songs. Ultimately it is suggested U2 shows us how to get through the night. **Ecological Feelings** Joshua Trey Barnett, 2025-03-01 These days earthly coexistence often feels bad. As environmental crises amass they cast a shadow over an imagined future and the promises of better or at least predictable days to come. In times of climate chaos mass extinction and rampant environmental injustice it is easy to despair. But here and there a glimmer of joy or optimism shines forth and reminds us that it is possible even necessary to love and to hope amid the ruins. The contributors to this volume grapple with a plurality of interrelated ecological feelings: care, concern, contempt, empathy, fear, grief, hope, joy, numbness, optimism, possessiveness, regret, and saudades. Informed by a rhetorical perspective, the essays collected here reveal what sets our ecological feelings into motion. Crucially, they also uncover some of the rhetorical practices through which we might collectively feel our way into a more harmonious earthly coexistence. *The Video Source Book* David J. WEINER, 1990 *Video Source Book*, 2006 A guide to programs currently available on video in the areas of movies, entertainment, general interest, education, sports, recreation, fine arts, health, science, business, industry, children, juvenile, how to, instruction. *Guttered* T. But can he save himself as he becomes involved in a deadly Highland fling consisting of designer drugs, a missing student, and some decadent aristocrats. **Runner's World**, 2006 *The Hollywood Trainer Weight-loss Plan* Jeanette Jenkins, 2007 Outlines a holistic three-week plan for wellness and weight loss as based on the author's 7 simple steps to success, philosophy in a reference that provides a customizable exercise regimen, menu plans, and self-assessment guidelines. **Bookseller's catalogues** Wilfrid M.
