UFO Abduction at Botucatu Rodolfo R. Caselatto, Joao Valerio Da Silva, Wendelle C. Stevens, 1988-06-01 **Other Worlds** John R. Heapes, MA, MSW, 2014-02 Who hasn't asked What happens to me after I die and or Are we alone in the universe Other Worlds UFOs Aliens and the Afterlife takes readers on a journey into other galaxies and into a different time a time after all of their tomorrows How are the societies organized on other planets and in the afterlife This book answers this question with a new approach in the UFO and the Near Death Experience fields As readers take this trip they will wonder if there are universal laws governing the societies of intelligent beings regardless of where they reside in existence Are humans projecting into foreign forms their own beliefs about how societies should be arranged on Earth Why study such ethereal and controversial material We always learn about ourselves when we study those who are different from us whether those beings are real or not Anyone who has read a good book of fiction knows the validity of this point Consider how many teenagers identify with the characters in the Hunger Games books What follows is the sociological perspective We will explore institutions such as marriage and the family social classes and culture We will determine the sex of alien travelers as well as the occupations of their human witnesses We will learn what the afterlife looks like and discover what messages deceased beings deliver to humans The Zetas Robert Shapiro, 2010-05-15 The beings on Zeta Reticuli are the future selves granted several million years into the future of the beings on Earth right now On the soul line this has to do with your evolution to become more to be more established benevolently on a creative level By the time your souls become those Zeta Reticulian beings several million years into the future you will be able to interact with all life in the most benevolent way while being strongly intellectual and scientific In this way your science will have a complete balance with heart and soul This is one of the greatest aspects of significance between you and the Zeta Reticulian beings as of this time So to them you are their past lives that's why they're so fascinated with you but for you when you interact with these beings you are truly meeting in many senses your future Zoosh through Robert Shapiro If you can do nothing else when you read this book look around on your planet Look at all the different forms of life and know that from the smallest to the largest they all have cousins on other planets And while they might not look exactly the same on other planets there are similarities that you would notice not unlike how you notice similarities from one family member to another They do not look identical but there are similarities When you travel you will note that but when you return you will always be happy to be home Welcome to the universe Joopah through Robert Shapiro Books in Series, 1876-1949 R.R.
