The collectors information and articles in the International UFO Library Magazine published decades ago were the effort and prodigy of traveling to over twenty countries around the world with Emmy award winning film crews for over five years by Writer Executive Producer Joseph J. Randazzo and Company. Hundreds of one on one interviews were conducted to seek out and amass a library of information questioning the UFO ET subject matter with a goal to question and then compare cases, notes and references from Researchers, Abductees and Contactees. The information collected was far ahead of its time and still shows a straightforward presentation to learn from. Let us learn from this information and grow into the absolute best we can become as a humanity. And always acknowledging and thankful for the endless work effort and dedication for the UFO Library President Colee Viedelle Smith. Product Support

Other Worlds John R. Heapes, MA, MSW, 2014-02 Who hasn't asked "What happens to me after I die and or Are we alone in the universe?" Other Worlds: UFOs, Aliens and the Afterlife takes readers on a journey into other galaxies and into a different time—a time after all of their tomorrows. How are the societies organized on other planets and in the afterlife? This book answers this question with a new approach in the UFO and the Near Death Experience fields. As readers take this trip, they will wonder if there are universal laws governing the societies of intelligent beings regardless of where they reside in existence. Are humans projecting into foreign forms their own beliefs about how societies should be arranged on Earth? Why study such ethereal and controversial material? We always learn about ourselves when we study those who are different from us, whether those beings are real or not. Anyone who has read a good book of fiction knows the validity of this point. Consider how many teenagers identify with the characters in the Hunger Games books. What follows is the sociological perspective. We will explore institutions such as marriage and the family, social classes and culture. We will determine the sex of alien travelers as well as the occupations of their human witnesses. We will learn what the afterlife looks like and discover what messages deceased beings deliver to humans
