The Unity of European History John Bowle,1949 **The Unity of European History. A Political and Cultural Survey. Rev., Exp. Ed** ,1970 **The Idea of European Unity** Derek Benjamin Heater,1992 The idea of a European federal union is not new Heater provides a history of the more important schemes since 1300 placing each in the context of the political conditions of the time and the personal convictions of their authors The book is thus a history both of an idea and of Europe **European Unity in Context** Peter M.R. Stirk,2016-10-06 This book examines the question of European unity from 1918 to 1939 It focuses on the diversity of the various ideas and images of unity illustrating how seriously they were taken by political actors at the time and on the complex interplay of ideology and interest which shaped the idea and reality of Europe in this turbulent period *European Unity in Context* takes an interdisciplinary approach to the question of Europe incorporating the perspectives of historians social scientists and literary specialists and thus offers valuable insights for students and scholars in history politics and literature alike *Eurocentrism in European History and Memory* Marjet Brolsma,Robin Bruin,Matthijs Lok,2025-10-01 Eurocentrism means seeing the world in Europe s terms and through European eyes This may not be unreasonable for Europeans but there are unforeseen consequences Eurocentric history implies that a scientific modernity has diffused out from Europe to benefit the rest of the world through colonies and development aid It involves the imposition of European norms on places and times where they are often quite inappropriate In *Eurocentrism in European History and Memory* well known scholars explore and critically analyse manifestations of Eurocentrism in representations of the European past from different disciplines history literature art memory and cultural policy as well as from different geographical perspectives The book investigates the role imaginings of the European past since the eighteenth century played in the construction of a Europeanist worldview and the ways in which Europe was constructed in literature and art **Proceedings of the Academy of Political Science in the City of New York** ,1917 **A Political History of Europe, Since 1814**, Charles Seignobos,1901 The Political Institutions and Theories of the Hindus Benoy Kumar Sarkar,1922 A Constitutional and Political History of Rome Thomas Marris Taylor,1911 Domains and Divisions of European History Johann P. Arnason,Jóhann Páll Arnason,Natalie Doyle,2010-01-01 The patterns of unity and division that define Europe as a historical region have been discussed in many seminal works but the complex set of questions behind its domains and divisions merits a more sustained debate The disappearance of the cold war the enlargement of the European Union and core issues of historical sociology all require an exploration of the structures and boundaries of historical formations as well as the question of European unity This volume tackles the topic of the divisions that have shaped European history head on as leading scholars in the field negotiate such issues as regional identity geographical boundaries divisional labeling and post cold war European unity **A Political History of Contemporary Europe, Since 1814** Charles Seignobos,1904 **Proceedings of the Academy of Political Science** ,1917 **European**
