Omnidoxy Cometan, Astronist Institution, 2019-02-11 The Omnidoxy is the founding treatise of the Astronist religion and was solely authored by the philosopher and religious founder Cometan Partitioned into twelve disquisitions each of which are further divided into hundreds of discourses which are themselves titled by those which are known as rubrals The Omnidoxy has been codified according to a unique writing structure known as insentence The Omnidoxy not only forms the foundations of Astronism but it remains the primary modern contributor and the book that ignited the establishment of the Astronic tradition of religion which encompasses the philosophy of Astronism Introducing brand new philosophical concepts such as cosmocentricity reascensionism transcensionism and sentientism amongst many others The Omnidoxy remains the principal signifier of a new era in philosophy The Omnidoxy births hundreds of new belief orientations schools of thought neologisms disciplines of study theories and concepts which when combined and considered collectively have formed the basis of Astronism The authorship of The Omnidoxy rests with the single individual philosopher Cometan who began writing The Omnidoxy at the age of seventeen driven by what he terms as personal inspiration The historical origination of The Omnidoxy rests in its authorship by Brandon Taylorian during early 21st century England specifically in the northern county of Lancashire Like in all textual criticism the timing and location of the codification of The Omnidoxy is integral to understanding why and how it was written especially by considering the influential factors impacting Taylorian during his construction of the text particularly the cultural political religious and social contexts of Taylorian s personal life and of wider

society at the time This forms an important branch of study within omnidoxiology known as omnidoxical criticism or omnidoxical exegesis in which scholars study and investigate The Omnidoxy in order to discern conclusive judgements inspired by how where why by whom for whom and in what circumstances The Omnidoxy was written Library of Universal Literature: Science (15 vols.) ,1901 *Universal Cyclopaedia and Atlas* Charles Kendall Adams,Rossiter Johnson,1902 **Universal Pronouncing Dictionary of Biography and Mythology** Joseph Thomas,1885 *Political Thought in Islam* Nelly Lahoud,2013-01-11 This book is a study of political thought in Islam from the viewpoint of the history of ideas and the relevance of these ideas to contemporary Arabic political discourse The author examines the use of the classical Islamic tradition turath and its religious and philosophical components by the three dominant Arabic political discourses the Islamists apologists and intellectuals The book analyzes the different assumptions advanced by these discourses and the way they propose to apply or restore the turath in the present Exploring connections between the medieval Islamic tradition and current debates this book is essential reading for advanced students and researchers of Islam and political thought **Library of Universal Knowledge** ,1882 *The World as Will and Representation, Vol. 2* Arthur Schopenhauer,2012-04-20 Volume 2 of the definitive English translation of one of the most important philosophical works of the 19th century the basic statement in one important stream of post Kantian thought **Hand-book of Universal Literature, from the Best and Latest Authorities** Anne Charlotte Lynch Botta,1879 In Search of a Universal Ethics Weishi Yuan,2023-09-01 This book investigates Albert Schweitzer s research on China which first emerged in the 1910s and ended in 1939 40 Schweitzer s China research evolved alongside the development of his Kulturphilosophie research for over a quarter of a century In Part I In Preparation this book will mainly focus on the historical background against which Schweitzer formulated his Reverence for Life and established his networks with the China experts In Part II In Progress Schweitzer s periodic research outcomes which were presented in several of his publications and manuscripts will be studied Subsequently in Part III In Completion Richard Wilhelm s translation of the Yi Jing which lay down the fundamental principles for Chinese thought Schweitzer s final manuscript from 1939 40 under the title *Geschichte des indischen und chinesischen Denkens* and his final depiction of Chinese thought will be given special attention The starting point for Schweitzer s China research was his ideal ethical philosophy of Reverence for Life which he formulated in the context of the decline of the Western civilization and was heavily shaped by his religious and philosophical convictions Reverence for Life underscored humanistic concerns and its ideals eventually became Schweitzer s interpretative principles in his investigation of Chinese thought Schweitzer was never a specialist in Chinese thought and Chinese civilization Dependent on the research of European sinologists his China research served to justify the necessity for Reverence for Life as well as of the methods for applying this new ethical philosophy During his entire China research Schweitzer made great efforts to critically interpret and transform the knowledge that had been conveyed by European sinologists such as Richard Wilhelm Although in his final

research Schweitzer had already seen great resemblance between classical Confucianism in China and his Reverence for Life he did not ultimately manage to verify his assumptions His final manuscript on Chinese thought from 1939 40 remained unpublished when he passed away in 1965
