Unmodern Observations:

Unmodern Observations ,1990 **Nietzsche's Earth** Gary Shapiro,2016-09-09 We have Nietzsche to thank for some of the most important accomplishments in intellectual history but as Gary Shapiro shows in this unique look at Nietzsche's thought the nineteenth century philosopher actually anticipated some of the most pressing questions of our own era Putting Nietzsche into conversation with contemporary philosophers such as Deleuze Agamben Foucault Derrida and others Shapiro links Nietzsche's powerful ideas to topics that are very much on the contemporary agenda globalization the nature of the livable earth and the geopolitical categories that characterize people and places Shapiro explores Nietzsche's rejection of historical inevitability and his idea of the end of history He highlights Nietzsche's prescient vision of today's massive human mobility and his criticism of the nation state's desperate efforts to sustain its exclusive rule by declaring emergencies and states of exception Shapiro then explores Nietzsche's vision of a transformed garden earth and the ways it sketches an aesthetic of the Anthropocene He concludes with an explanation of the deep political structure of Nietzsche's philosophy of the Antichrist by relating it to traditional political theology By triangulating Nietzsche between his time and ours between Bismarck's Germany and post 9/11 America Nietzsche's Earth invites readers to rethink not just the philosopher himself but the very direction of human history

Canti Giacomo Leopardi,2010-10-26 Giacomo Leopardi is Italy's greatest modern poet the first European writer to portray and examine the self in a way that feels familiar to us today A great classical scholar and patriot he explored metaphysical loneliness in entirely original ways Though he died young his influence was enormous and it is no exaggeration to say that all modern poetry not only in Italian derives in some way from his work Galassi whose translations of Eugenio Montale have been widely acclaimed has produced a strong fresh direct version of this great poet that offers English language readers a new approach to Leopardi

Making Sense of Nietzsche Richard Schacht,1995 Clearly explains some of the debates in Nietzsche scholarship Schacht does much to avoid professional tunnel vision and invite nonprofessionals to think about Nietzsche Kathleen Higgins author of Nietzsche's Zarathustra

Reach without Grasping Louis A. Ruprecht Jr.,2021-11-17 Anne Carson b June 21 1950 in Toronto Canada is one of the most versatile of contemporary classicists poets and translators in the English language In *Reach without Grasping* Louis A Ruprecht Jr explores the role played by generic transgressions on the one hand and by embodied spirituality on the other throughout Carson's ambitious literary career Where others see classical dichotomies soul versus body classical versus Christian Carson sees connection Like Nietzsche before her Carson decries the images of the Classics as merely bookish and of classicists as disembodied intellects She has brought religious bodily erotics back into the heart of the classical tradition

Nietzsche, Genealogy, Morality Richard Schacht,2023-04-28 Written at the height of the philosopher's intellectual powers Friedrich Nietzsche's *On the Genealogy of Morals* has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Nietzsche's persisting concerns coming together in an illuminating

constellation A profound influence on psychoanalysis antihistoricism and poststructuralism and an abiding challenge to ethical theory Nietzsche's book addresses many of the major philosophical problems and possibilities of modernity In this unique collection focusing on the Genealogy twenty five notable philosophers offer diverse discussions of the book's central themes and concepts They explore such notions as ressentiment asceticism slave and master moralities and what Nietzsche calls genealogy and its relation to other forms of inquiry in his work The book presents a cross section of contemporary Nietzsche scholarship and philosophical investigation that is certain to interest philosophers intellectual and cultural historians and anyone concerned with one of the master thinkers of the modern age This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 Written at the height of the philosopher's intellectual powers Friedrich Nietzsche's *On the Genealogy of Morals* has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Niet

Unmodern Observations Friedrich Nietzsche, 2011-06-23 This translation of Nietzsche's early *Unzeitgemässe Betrachtungen* consists of four long essays and notes for a fifth Nietzsche planned these works as part of an extremely ambitious critique of German culture Although the project was never completed the essays thematically linked and should be considered as a whole This book which presents these important works together in English for the first time unifies the essays provides introductions and annotations to each and translates them in a way that does justice to the brilliance and versatility of Nietzsche's style The dominant idea of Nietzsche's project is the regeneration of culture through a radical reshaping of modern educational institutions Nietzsche believed that philosophy the arts and the ennobling study of antiquity had all been corrupted by systematic miseducation the work of so called educators who as culture philistines had disgraced the highest of vocations In response to this fragmented modern world Nietzsche argues for the creation of an amenable culture with a single unifying style a style that integrated theology philosophy education classical scholarship journalism and art in a seamless dynamic whole This style Nietzsche contends can best be realized by heeding the great creative examples of the pre Socratic philosophers Schopenhauer and Wagner and by reforming education above all the study of history and the archaic culture of Greece so that it serves rather than obstructs the needs of human life The essays include *David Strauss Writer and Confessor* introduced and translated by Herbert Golder *History in the Service and Disservice of Life* introduced by Werner Dannhauser and translated by Gary Brown *Schopenhauer as Educator* introduced by Richard Schacht and translated by William Arrowsmith *Richard Wagner in Bayreuth* introduced and translated by Gary Brown and *We Classicists* introduced and translated by William Arrowsmith

Afterwords Louis A. Ruprecht, 1996-07-03 Reading both philosophical and theological texts this book presents an argument against nostalgia against the myth of a Golden Age against the posture that sees

modernity as a problem to be solved [Nietzsche Selections](#) Friedrich Wilhelm Nietzsche,1993 [Friedrich Nietzsche](#) Robert C. Holub,1995 Intending to correct the popular image of Nietzsche as a lonely maverick thinker who was misunderstood by his own generation Robert Holub portrays Nietzsche not as the great emancipator of later epochs but as the great participator in his own right By demonstrating Nietzsche s timeliness for the 19th century through his influence in science and his interest in social issues for example Holub presents a crucial new view of Nietzsche that he was as much an historically bound person with contemporaneous relevance as he was a philosopher of timeless importance Holub ignores none of Nietzsche s writing and also considers biographical details letters to and from Nietzsche and accounts written by his associates in this important study of one of the most influential philosophers of the modern era **Canadian Philosophical Reviews** ,1991 **Graduate Faculty Philosophy Journal** ,1993 **Unmodern Observations** The Late William Arrowsmith,Friedrich Wilhelm Nietzsche,William Arrowsmith,1990-01-01 [Historical Reflections](#) ,1997 **International Studies in Philosophy** ,2003 *The Journal of Philosophy* ,1990 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933 **The Review of Metaphysics** ,2010 [Euripideanism](#) Kristi Michelle Wilson,1999 **All Shook Up** Carson Holloway,2001 Conservative complaints about popular music focus on lyrics alone and appeal only to public decency and safety Liberals swift to the defense of any self expression simultaneously celebrate rock s liberating ethos and deny its cultural influence Neither side appreciates the true power of music or is willing to examine its own musical tastes **Roland Barthes Retroactively** Jürgen Pieters,Kris Pint,2008 This Special Issue of the journal Paragraph proposes a new reading of the Coll ge de France Lectures of Roland Barthes
