Genres in the Internet Janet Giltrow,Dieter Stein,2009-10-28 This volume brings together for the first time pragmatic rhetorical and literary perspectives on genre mapping theoretical frontiers and initiating a long overdue conversation amongst these methodologies The diverse approaches represented in this volume meet on common ground staked by Internet communication an arena challenging to traditional ideas of genre which assume a conventional stability at odds with the unceasing innovations of online discourse Drawing on and developing new ideas of genre the research reported in this volume shows on the contrary that genre study

is a powerful means of testing commonplaces about the Internet world and in turn that the Internet is a fertile field for theorising genre

Figures of Fantasy Susanna Paasonen, 2005 Figures of Fantasy explores the popularization of the idea of the Internet as a cyberspace and considers the implications this has for discussions of gender and identity The book analyzes the standard figures used to conceptualize and explain technology and gender and traces the ways in which these concepts have served to create the figure of the Internet as a cyberspace a manner of thinking that has come to dominate Internet research internationally making visible its historicity limitations and implications Figures of Fantasy offers an innovative theoretical approach to Internet research and provides a highly original systematic critique of the canonical works in the field

The Future of the Page Peter Stoicheff, Andrew Taylor, 2004-12-15 The most basic unit of the physical book is the page It has determined the historical evolution of the book the types of information communicated and how the audience accesses that information Unique and rewarding in both its scope and approach The Future of the Page is a collection of essays that presents the best of recent critical theory on the history and future of the page and its enormous influence on Western thought and culture Spanning the centuries between the earliest record of the page and current computerized conceptions of page like entities the essays examine the size of the page its relative dimensions materials design and display of information The page is broadly defined allowing the volume to explore topics ranging from medieval manuscripts to non European alternatives to the page Algonquin symbolic literacy and hypertext This thought provoking collection will appeal to literary scholars book historians graphic designers and those interested in the impact of evolving print technologies on intellectual and cultural life

Internationalizing Internet Studies Gerard Goggin, Mark McLelland, 2010-04-15 This timely volume offers a mapping of the Internet as it has developed and been used internationally It is the first book to provide a range of perspectives on the international Internet and to explore the implications of such new knowledge

Ulysses in Focus Michael Groden,2010 What if you had never opened the book of your life Or if that book had been even a little different Ulysses in Focus takes up these vertiginous questions raveling out episodes in the writing critical reception

and editing of Joyce's masterpiece and twining them together with stories from a life spent elucidating it Joyce himself would have admired the variety that Michael Groden offers us here fascinating new readings of Ulysses by its foremost genetic critic behind the scenes accounts of editorial contretemps and secret manuscript acquisitions the sorrow of shelved projects and the thrill of the bibliographic quest At its core Ulysses in Focus tells the story of a reader and a book that seem to have been destined for one another Yet its method is against destiny seeking to free texts from the published state in which they ossify by restoring to us a sense of their evolution and their contingency To read Groden is to think differently about reading and being to suspect that a book like a life might be the sum of its untaken roads Paul K Saint Amour University of Pennsylvania This is an engaging reflective and highly personal set of essays and recollections by a leading Joyce scholar It urges us to see Ulysses not as a finished monument but as a mobile piece of writing in constant dialogue with its own processes of composition and avant textes Anne Fogarty coeditor of Bloomsday 100 Essays on Ulysses Michael Groden has been at the forefront of some of the most important developments in James Joyce studies over the past three decades He was a major figure in and early adopter of genetic scholarship the method of analyzing a literary work by looking at its development from draft to draft particularly suited to Joyce's stories and novels He defended Hans Walter Gabler's Ulysses edition in the Joyce Wars and helped introduce the National Library of Ireland's new Joyce manuscripts to the world Bringing together twelve essays in three areas of Joyce criticism and scholarship this refreshing book offers various personal adventures from a life lived with Joyce's work In a manner that is at once modest rigorous and accessible Ulysses in Focus engagingly connects these scholarly developments and contretemps to the author's personal history and provides fascinating new genetic readings of several episodes of Ulysses that advance our understanding of the novel's composition [American Book Publishing Record](#) ,2000-07

Media Poetry Eduardo Kac,2007 Media Poetry is the first international anthology to document a radically new poetry which takes language beyond the confines of the printed page into a non linear world of multimedia interactivity and networking This anthology includes extensive documentation and discussion of digital poetry and expands the range of contemporary writing to encompass poems created with video holography skywriting and even biotechnology The work of the poets discussed in this book challenges even the innovations of experimental poetics It embraces new technologies to explore a new syntax made of linear and non linear animation hyperlinkage interactivity real time text generation spatiotemporal discontinuities self similarity synthetic spaces immateriality diagrammatic relations visual tempo multiple simultaneities and many other innovative procedures

Digital Religion, Social Media, and Culture Pauline Hope Cheong,2012 This anthology the first of its kind in eight years collects some of the best and most current research and reflection on the complex interactions between religion and computer mediated communication CMC The contributions cohere around the central question how will core religious understandings of identity community and authority shape and be re shaped by the communicative possibilities of Web 2.0 The authors gathered here address these

questions in three distinct ways through contemporary empirical research on how diverse traditions across the globe seek to take up the technologies and affordances of contemporary CMC through investigations that place these contemporary developments in larger historical and theological contexts and through careful reflection on the theoretical dimensions of research on religion and CMC In their introductory and concluding essays the editors uncover and articulate the larger intersections and patterns suggested by individual chapters including trajectories for future research The British National Bibliography Arthur James Wells,2001 **Choice** ,2001 *Revue Canadienne Des Sciences de L'information Et de Bibliotheconomie* ,2002
