

The growth of my daughter's puppy, from one month to one year, has been a long journey in a very short time. His behavior hasn't changed, his cuteness hasn't changed, but his size certainly has. Time flies too fast; we barely get to enjoy his growth. From left to right, he's shown at one month, three months, six months, and one year. It feels like he's only been with us for four days.
