

The development project of the microdistrict M-8 of the residential area "Seventh Heaven" in the city of Kazan

planning solutions

Large location of open pedestrian routes within the territory with access to common use of the first floor located along the outer or inner main building

Creation of pedestrian boulevards in the north-south direction in the residential area

Integrating 2-part functions and using features of the development-tracks by the part from north to south from the adjoining highway of the to street

The main principles for the development is urban planning solution that is an urban multifunctional development of mixed placement of public facilities and recreational facilities

The territory of the quarter with an area of 27.5 ha is an urban segment surrounded by residential buildings. For an urban segment, the site borders on the high-rise residential complex, and the building of the houses is adjacent to the southern border

Zoning

The school site is located in the western part of the territory that is located in a north-south direction

between the school and the territory of the residential part, it is a parking area to match a school complex with a subterranean parking

Integrating private for the possibility of parking open to street in the common use facilities located in the shopping complex

Site section

2 entrances are organized from 2 levels: from the side of the building and from the point

SITE PLAN

Project location zoning

CREST VIEW RESIDENTIAL COMPOUND

The design idea is based on a major green onery which represents a valley or some river that is contain the recreational landscape elements , it will achieve privacy for the residential unit and provide detective visual image Therefore , the design concept is depends on separate the pedestrian paths away from car traffic On the other side
