Us Carriers At War:

US Carriers at War Peter Kilduff,1981 Recounts the greatest exploits of U S Navy aircraft carrier operations providing a chart of enemy aircraft code names and looking at carriers in action *Instruments of War* Spencer C. Tucker,2015-07-28 This highly detailed and well illustrated single volume work documents the evolution of warfare across history through weaponry and technological change In war the weapons and technologies employed have direct effects on how battles are waged When new weapons are introduced they can dramatically alter the outcomes of warfare and consequently change the course of history itself This reference work provides a fascinating overview of the major weapon systems and military technologies that have had a major impact on world history Addressing weapons as crude as the club used by primitive man to the high tech weapons of today such as unmanned drones *Instruments of War Weapons and Technologies That Have Changed History* offers nearly 270 profusely illustrated entries that examine the key roles played by specific weapons and identify their success and failures The book begins with an introductory essay that frames the subject matter of the work and discusses the history of weapons as a whole The text is concise and accessible to general readers without extensive backgrounds in military history yet provides the detailed information necessary to convey the complexity of the evolution of warfare through technological change Inquiry Into Operations of the United States Air Services United States. Congress. House. Select Committee of Inquiry into Operations of the United States Air Services,1925 **One Hundred Years of U.S. Navy Air Power** Douglas V Smith,2010-10-15 Published to coincide with the centennial celebration of U S Navy Aviation this book chronicles Navy aviation from its earliest days before the Navy s first aircraft carrier joined the fleet through the modern jet era marked by the introduction of the F 18 Hornet It tells how naval aviation got its start profiles its pioneers and explains the early bureaucracy that fostered and sometimes inhibited its growth The book then turns to the refinement of carrier aviation doctrine and tactics and the rapid development of aircraft and carriers highlighting the transition from propeller driven aircraft to swept wing jets in the period after WW II Land based Navy aircraft rotary wing aircraft and rigid airships and balloons are also considered in this sweeping tribute Japan at War Louis G. Perez,2013-01-08 This compelling reference focuses on the events individuals organizations and ideas that shaped Japanese warfare from early times to the present day Japan s military prowess is legendary From the early samurai code of morals to the 20th century battles in the Pacific theater this island nation has a long history of duty honor and valor in warfare This fascinating reference explores the relationship between military values and Japanese society and traces the evolution of war in this country from 700 CE to modern times In *Japan at War An Encyclopedia* author Louis G Perez examines the people and ideas that led Japan into or out of war analyzes the outcomes of battles and presents theoretical alternatives to the strategic choices made during the conflicts The book contains contributions from scholars in a wide range of disciplines including history political science anthropology sociology language literature poetry and psychology and the content features internal

rebellions and revolutions as well as wars with other countries and kingdoms Entries are listed alphabetically and extensively cross referenced to help readers quickly locate topics of interest

A History of War Resistance in America James M. Volo,2010-04-09 This two part book examines the roots of warfare and the development of the peace movement in America from the Colonial period through the Vietnam War From the Colonial period on war has inevitably divided U S society into pro war and antiwar factions and few subjects have proven so polarizing or long lasting as a nexus of public discourse In the contest over war and peace uninformed beliefs have been conflated with uncontested truths by both sides fueling a lack of bipartisanship in foreign policy that has been prevalent since the nation s earliest days A History of War Resistance in America delineates clearly the tradition of war opposition in the United States It examines the military preparations for war and war s justifiable prosecution as well as pacifism legitimate resistance to war and the appropriate and free exercise of civil liberties This thought provoking volume offers an analysis of the reasons for conflict among peoples the prosecution of war among nations and the development of war resistance movements It also explores the role of the media in forming public opinion and that of the courts in protecting or limiting civil liberties

Japan at War in the Pacific Jonathan Clements,2022-05-10 A lucid history of the rise and fall of militarism in Japan New York Journal of Books Japan at War in the Pacific recounts the dramatic story of Japan s transformation from a Samurai led feudal society to a modern military industrial empire in the space of a few decades and the many wars it fought along the way These culminated in an attempt by Japan s military leaders to create an Asia Pacific empire which at its greatest extent rivaled the British Empire in scope and power The battle for supremacy in the Pacific brought the Japanese to great heights but led ultimately to the nation s utter devastation at the end of World War II culminating with the dropping of atomic bombs on Hiroshima and Nagasaki the only time such weapons have been used in warfare In this book author Jonathan Clements offers fascinating insights into The wars that Japan fought during its rise to supremacy in the western Pacific including the Russo Japanese War the seizure of Manchuria and war in China and the Pacific theater of World War II The many military actions undertaken by Imperial Japanese forces including the horrific Rape of Nanjing the surprise attack on Pearl Harbor the decisive defeat at the Battle of Midway the savage Battles of Okinawa and Iwo Jima and many more The motivations and beliefs of Japan s leaders as well as the policy decisions of a government dedicated to expansion which ultimately led to a complete dismantling of the nation s political and social order during the Allied Occupation With over 75 photographs and maps this book vividly recounts the brutal story of Japan s military conquests Clements charts the evolution of the Japanese empire in the Pacific and the influence of a ruthless military led government on everything from culture and food to fashion and education including the anthems and rallying calls of a martial nation which were silenced long ago but continue to echo in Asian politics
