Discovering the Tragedy of Hamlet through the Role of Horatio

Carol J. Grieb

Truant Disposition

Jonathan Boswell, James Peters

Truant Disposition:

A Truant Disposition Carol J. Grieb, 2023 Shakespeare's Hamlet has intrigued scholarly critics as well as casual playgoers and has led to more debate than any other play. Is Hamlet mad or just pretending? Why do the guards Horatio and Hamlet see the ghost but Gertrude not see it? Are the characters of Fortinbras, Reynaldo, and Voltmand superfluous to the play? What is Horatio's place in Elsinore? Starting from the spoken lines, explanations for these and other questions are offered in this book. Page 4 of cover

A Truant Disposition Carol J. Grieb, 2016-08-10 Shakespeare's Hamlet has intrigued scholarly critics as well as casual playgoers and has led to more debate than any other play. Is Hamlet mad or just pretending? Why do the guards Horatio and Hamlet see the ghost but Gertrude not see it? Are the characters of Fortinbras, Reynaldo, and Voltmand superfluous to the play? What is Horatio's place in Elsinore? Starting from the spoken lines, explanations for these and other questions are offered in this book. Encouraged here are staged interpretations of Hamlet that more adequately imagine stage directions and character development. This readable book is equally for those with casual, scholarly, or professional interests in Hamlet.

Capitalism in Contention Jonathan Boswell, James Peters, 1997-11-06 Examining the ideas of British business leaders on political, economic, and ethical issues since 1960, this book draws on hitherto unexplored records, wide-ranging interviews, and biographical narrative and conceptual approaches, and aims to shed new light on the Wilson, Heath, and Thatcher periods, the mixed economy, and the New Right, the peak representative organizations of business and business relationships with government. The authors intend to show how three main tendencies of business thinking have struggled for influence with radically differing visions of the role of business in society. They argue that although elite business ideas were often obscured, they did make a distinctive contribution to public policy, business thinking, and the development of capitalism in Britain.
