True Fundamentalism:

True Fundamentalism E. G. Thompson, 1999-01-01 Dr E G Thompson uses a biographical approach to draw attention to the underpinnings of theological Fundamentalism in America He looks at the lives and ministries of eight early American preachers discovering their zeal and unwavering commitment to Calvinism a legalism that runs counter to the biblical doctrine of grace He details behaviors of these preachers that he finds outrageous and argues against the methods of biblical interpretation which they have used to bolster their position

Toward Peace Lyle R. Strathman, 2013-05-15 *Toward Peace* proposes that truth is essential in all matters of social intercourse for humanity to progress on any meaningful path toward peace The manuscript progresses from the notion that there is objective truth to the notion that the enactment of truth in human activity is essential for the establishment of peace but it admits that human beings tend to wander between knowledge and ignorance and between a beneficent will and a concupiscent will The manuscript explores among other matters the contemporary subjects of fundamentalism and laissez faireism individualism and collectivism economics evolution abortion education and government from philosophical scientific religious and artistic points of view This is accomplished by interweaving philosophical ideas expressed by Plato and Aristotle with parables and aphorisms expressed by ancient Indian and Chinese wise men with Judaic and Christian scripture and with contemporary economic data and in vogue political notions The book is organized into three distinct parts Part I Truth articles 1 through 5 establishes the notion that there is objective truth that humanity can at least partially know these truths and that a foundation of truth is essential for the establishment of any meaningful path toward peace It develops the notion that just as the laws of physics must correctly reflect the physical parameters that an object presents so too civil laws must correctly reflect the human parameters that a human being presents In other words law must reflect that truth which a being presents of itself itself The finality of this part suggests that truthful enactments by humanity are acts of love that pave the way toward peace Article 1 is a short dissertation on human discord It denotes that since the age of reason there has been an emerging notion that majority rule democracy coupled with humanity's technical prowess would lead toward peace but which history has shown not to be the case Article 2 establishes the accepted idea that there is a reality there is real being but also that human beings are limited in their ability to acquire complete knowledge of such reality Article 3 establishes the idea that there is truth in every being in every object there is objective truth The article presents the notion that objective truth presents itself as the nature of a thing in complete correspondence with its substance objective truth is the nature of a thing its act in agreement with its substance that which it is It also presents the notion that human beings come to know an object by that nature which the object presents of itself subjective truth devolves from objective truth Article 4 advances the idea that laws are humanly contrived statements derived from the intrinsic truths in the beings to which they refer or relate true laws may not violate the intrinsic truths in the beings to which they refer or relate Article 5 proposes the idea that a love of truth and its

compliment the enactment and application of true laws are precursors to the path leading toward peace Part II Contentions articles 6 through 11 offers commentaries on some of the more contentious matters that cause social conflict in the contemporary world The specific topics were chosen to show that truth is often marginalized or mutilated and even ignored or rejected during the course of humanity's search for answers in matters of social concern Article 6 is a dissertation on fundamentalism and laissez faireism and shows how each leads toward social discord Fundamentalism rejects those truths that fall outside its pre ordained dictum while laissez faireism simply rejects truths not of its choice Article 7 is a study of the human social composition including a logical diagram which analyses human fortune intellect free will and physical condition It develops the notion that because of human frailty and finitude majority opinion and majority rule a **The Methodist Review** ,1922 **Methodist Magazine and Quarterly Review** ,1928 The Congregationalist ,1928 Althusser and Pasolini Agon Hamza,2016-06-01 Agon Hamza offers an in depth analysis of the main thesis of Louis Althusser's philosophical enterprise alongside a clear engaging dissection of Pier Paolo Pasolini's most important films There is a philosophical religious and political relationship between Althusser's philosophy and Pier Paolo Pasolini's films Hamza teases out the points of contact placing specific focus on critiques of ideology religion ideological state apparatuses and the class struggle The discussion however does not address Althusser and Pasolini alone Hamza also draws on Spinoza Hegel Marx and i ek to complete his study Pasolini's films are a treasure trove of Althusserian thought and Hamza ably employs Althusserian terms in his reading of the films Althusser and Pasolini provides a creative reconstruction of Althusserian philosophy as well as a novel examination of Pasolini's film from the perspective of the filmmaker's own thought and Althusser's theses
