Rothman, 2023-05-18 Joel M Rothman considers the significance of cosmology in biblical and extra-biblical texts and the role of the cosmic journey in many apocalyptic narratives He posits that Revelation's narrative likewise takes the hearer on a virtual journey through a cosmic story space of great theological significance While scholarship commonly assumes a three-tiered cosmos in Revelation Rothman argues that Revelation's narrative operates in a four-tiered cosmos with the hyper-heaven sitting above the sky heaven earth and abyssal depths a cosmic story space that is recreated in the imagination of the hearers Beginning with a methodology of visual narrative reading Rothman then discusses the assumptions and existing conceptions regarding heaven and earth He stresses that Revelation does not exhibit tension in its portrayal of heaven between heaven as a site of conflict and heaven as the realm in which God truly reigns but rather shows readers a sky heaven characterised by archetypal conflict between powerful sky beings and a hyper-heaven defined by full recognition of the Throne In journeying through the sky structure and God space and by analysing the four cosmic layers in operation the distinct nature of the two sky spaces cosmic change and the ideological import of the cosmic structure Rothman demonstrates that the existence of the hyper-heaven in contradistinction with the limited-lived cosmos of earth and sky heaven is a present guarantee of the final cosmic transformation that creates a new space for human life exclusive of imperial draconian elements **Monthly Notices of the Royal Astronomical Society**, 1880 **The how Book** Albert Ellery Bergh, 1913 *American Journal of Photography*, 1887 *Astronomical Register*, 1880 *The Astronomical Register*, 1881 *Wolf Haven* Lindsay McKenna, 2014-11-25 McKenna's gritty heart-wrenching ninth Jackson Hole novel after *High Country Rebel* is one of her best yet well-formed sympathetic characters Publishers Weekly starred review She's caught in her past until he shows her a future Some things can never be forgotten A helicopter crash in Afghanistan Capture
