## Snake Heads:

*Vulvae, Eyes, Snake Heads* László Kovács, Gyula Radócz, 2008 Initially conceived as an attempt to disprove the idea that cowrie shells served as currency during the period of the Hungarian invasion in the Carpathian basin 10th century AD this study has grown into something much larger

**Snakehead Fish** Emma Huddleston, 2021-08-01 This title explores the role of snakehead fish in introduced environments how humans helped spread the species the threats they pose to ecosystems and efforts being taken to manage them

**Northern Snakeheads** Barbara J. Ciletti, 2016 Through dynamic infographics charts up close photos and strong reading level control this title explores the invasion of Northern snakeheads including where they came from and their impact within biomes and food webs

**A Central American Ceremony which Suggests the Snake Dance of the Tusayan Villagers** Jesse Walter Fewkes, 1893

**Smuggled Chinese** Ko-lin Chin, 1999 No one knows how many Chinese are being smuggled into the United States but credible estimates put the number at 50 000 arrivals each year Astonishing as this figure is it represents only a portion of the Chinese illegally residing in the United States Smuggled Chinese presents a detailed account of how this traffic is conducted and what happens to the people who risk their lives to reach Gold Mountain When the Golden Venture ran aground off New York's coast in 1993 and ten of the 260 Chinese on board drowned the public outcry about human smuggling became front page news Probing into the causes and consequences of this clandestine traffic Ko lin Chin has interviewed more than 300 people smugglers immigrants government officials and business owners in the United States China and Taiwan Their poignant and chilling testimony describes a flourishing industry in which smugglers big and little snakeheads command fees as high as 30 000 to move desperate but hopeful men and women around the world For many who survive the hunger filthy and crowded conditions physical and sexual abuse and other perils of the arduous journey life in the United States specifically in New York's Chinatown is a disappointment if not a curse Few will return to China though because their families depend on the money and status gained by having a relative in the States In Smuggled Chinese Ko lin Chin puts a human face on this intractable international problem showing how flaws in national policies and lax law enforcement perpetuate the cycle of desperation and suffering He strongly believes however that the problem of human smuggling will continue as long as China's citizens are deprived of fundamental human rights and economic security Smuggled Chinese will engage readers interested in human rights Asian and Asian American studies urban studies and sociology
