Social Accountability In Communication:

Social Accountability in Communication Richard Buttny, 1993-12-07 Much of our talk revolves around accounting for our own and other people's actions We praise one person and blame another justify our own actions speculate on motives tell and retell problematic events This volume draws upon speech communication sociology and social psychology to offer an original approach to such accounts Richard Buttny examines social accountability within communication contexts that range from a therapy session to welfare and broadcast news interviews from everyday conversation to discussions in a Zen monastery Throughout his wide ranging analysis of accounts talk he integrates conversation analytic methods with social constructionism

Resource Guide on Decentralisation and Local Government Zoë Scott, Munawwar Alam, 2011 Provides practical guidance for designing implementing and evaluating decentralisation reforms and local government practices to ensure they are as effective as possible It also synthesises and presents current debates on the impact of decentralisation and local government on poverty reduction service delivery and conflict

Social Accountability and Public Voice Through Community Radio Programming Weltbank, 2012 Empowerment of the poor and social accountability have become core values of decentralization and democratization processes around the world and are key to effective poverty reduction Access to information and means to report and comment on issues of local interest are recognized as critical enablers for empowerment and social accountability Mechanisms that promote accountability on the part of public institutions supply side in terms of horizontal accountability as well as mechanisms that promote governments being held accountable by civil society demand side in terms of social and vertical accountability are both essential for achieving effective sustainable development outcomes Most communications initiatives supported by the World Bank and other donors have focused primarily on the supply side of accountability and not on strengthening the demand side through actions that enable the poor and civil society organizations CSOs to create and effectively utilize spaces for public voice and community mobilization The poor have limited influence in the production of information and limited access to channels of communication in most countries borrowing from the World Bank This condition is reflected in two areas the concentration on ownership of key media institutions and asymmetric access to mediums of communication

Global Trends in Media and Communications Mr. Anant Chauhan Vishwendra, 2021-09-11 In the past decades global media and communication industry has developed into a rapidly expanding field with a large number of players Communications across borders consist of flows of words images texts and data that move between and among individuals governments social movements and business organizations Flows of world news are carried across the globe by the major printed news agencies and the leading agencies for visual news Flows of entertainment and educational materials which include recorded music feature films textbooks and TV entertainment are provided by the world's largest entertainment media companies In addition to financial interests global media have an impact on media content politics and culture Like the Internet global media are influenced by the culture and interests of the United

States In some ways global media could be considered an extension of the American system As the Internet becomes a broadband medium it is increasingly taking on the characteristics of a mass medium rather than an interpersonal one In the future mass media trends could be extended to the Internet For instance a recent study of Dutch children s Internet usage revealed that they primarily used the Internet as a leisure medium to play games watch video clips and visit entertainment sites Research on Americans however shows people primarily use the Internet to maintain social relationships through e mail This book presents information on some of the basic concepts of this subject Contents The Promise of Citizen Journalism Freedom of Press and Responsible Journalism Cyber Journalism Legal and Ethical Issues Theoretical Foundations of Communication Regulations Freedom Intercultural Dimensions of Media Ethics Media Accountability State and Media Accountability System History of Broadcasting Radio Broadcasting [Ghana](#) International Monetary Fund,2012-07-27 Ghana has pursued several programs to accelerate the growth of the economy In 1995 the government presented Ghana Vision 2020 aimed at making Ghana a middle income country in 25 years Vision 2020 focused on human development economic growth rural development urban development infrastructure development and an enabling environment It was followed by the Ghana Poverty Reduction Strategy One of the main challenges to economic growth is the unemployment problem The recent discoveries of oil and gas create tremendous opportunities for stimulating national development

Governance Reform Under Real-World Conditions Sina Odugbemi,Thomas Jacobson,2008-06-13 Although necessary and often first rate technocratic solutions alone have been ineffective in delivering real change or lasting results in governance reforms This is primarily because reform programs are delivered no in controlled environments but under complex diverse sociopolitical and economic conditions Real world conditions In political societies ownership of reform programs by the entire country cannot be assumed public opinion will not necessarily be benign and coalitions of support may be scare or nonexistent even when intended reforms really will benefit those who need them most While the development community has the technical tools to address governance challenges experience shows that technical solutions are often insufficient Difficulties arise when attempts are made to apply what are often excellent technical solutions Human beings either acting alone or in groups small and large are not as amenable as are pure numbers and they cannot be ignored In the real world reforms will not succeed and they will certainly not be sustained without the correct alignment of citizens stakeholders and voice Governance Reform under Real World Conditions Citizens Stakeholders and Voice is a contribution to efforts to improve governance systems around the world particularly in developing countries The contributors who are academics and development practitioners provide a range of theoretical frameworks and innovative approaches and techniques for dealing with the most important nontechnical or adaptive challenges that impede the success and sustainability of reform efforts The editors and contributors hope that this book will be a useful guider for governments think tanks civil society organizations and development agencies working to improve the ways in which governance reforms are

implemented around the world *Socio-Economic Human Rights in Essential Public Services Provision* Marlies Hesselman, Antenor Hallo de Wolf, Brigit Toebes, 2016-11-10 There is a clear overlap between securing socio economic human rights for all persons and arranging adequate access to essential public services across society Both are necessary to realise thriving inclusive societies with adequate living standards for all based on human dignity This edited volume brings together the two topics for the first time In particular it identifies the common challenges for essential public services provision and socio economic human rights realisation and it explores how socio economic rights law can be harnessed to reinforce better access to services An important aim of this book is to understand how international socio economic human rights law and guideposts can be used and strengthened to improve access to services and assess socio economic legal and policy decisions The volume includes contributions from different continents on a range of different services and engages with the realities of different regulatory settings After an introduction that sets out the most important challenges for universal access to services including sufficient resources mobilisation private actor involvement and regulation or the need for improved checks and balances the book goes on to discuss current issues in services provision and socio economic rights as well as explores the place and role of private business actors in the provision of services In particular it assesses how the responsibility and accountability of such actors for human rights can be improved The final part of the book narrows in on the under explored human rights concepts of participation and accountability as essential prerequisites for better checks and balances Overall this volume presents a unique and powerful illustration of how socio economic human rights law supports improved access to essential public services for all **Discourse and Psychology: Discursive psychology** Jonathan Potter, 2007
