The Distance Between Life And Death:

Life the Human Being between Life and Death Anna-Teresa Tymieniecka, Zbigniew Zalewski, 2013-11-11 Medicine's crucial concern with health is perennial but its reflection concepts means change with the advance of science and social life. We present here a fascinating panorama of current medical discussions with their philosophical underpinnings and queries as they have evolved from the past. The role of Tymieniecka's phenomenology of life is brought forth as the system of philosophical reference.

Between Life and Death David Pyle, 2014-10-05 It is the summer of 1977 on the cusp of a technological revolution that will soon cause the world to shrink. Seventeen year old James Earl Williams arrived in Natchez, Mississippi looking forward to a new beginning far from the world of his New Jersey childhood. After years of life in gang-riddled neighborhoods and fast paced crime life has come to a virtual standstill. But all is not as quiet as it first seems. Supernatural forces are beckoning to James searching for a treasure hidden deep inside him. The changes he expected when he arrived are far different from the transformations about to overtake him and his family. His first surprise comes in the form of an annoying nightly sound one that his grandparents dismiss as the natural decline of their aging homestead. The second surprise fits inside a pair of tight blue jeans has bright blue eyes and long wavy black hair. Jolie Lefleur Dimanche. And she has had a dream impossible to ignore one which lures her into a torrid relationship with James Earl. Tormented by the past and present love and hope will entice James Earl Williams into a dark place where dreams and premonitions come alive. One wrong decision could easily take him to a place of no return.

Mysteries of Life, Death and Beyond Patrick J. Conte MD PhD, 2016-07-06 The book *Mysteries of Life, Death and Beyond* illustrates the fantastic odyssey of human kind from the dawn of creation and through the evolution of mind, body and spirit in order to attain our final destination of self realization and union with the Supreme Creator. It provides an answer to the age old philosophical question what is the meaning of life. Learn what was present prior to the Big Bang and what happened at the time of the Big Bang based upon our current scientific knowledge. Discover how galaxies and our solar system were formed and how life began on planet earth. Understand the theory of evolution of the animal species and the eventual development of mankind. Find out what really happened in the Garden of Eden and who were the fallen angels and were there really giants in those days. Find out if there is life after death and where do we go. Do we get more than one chance in life to attain heaven based upon the theory of reincarnation. The concept of the triune brain indicates that the human brain is in essence made up of three parts: the reptilian brain, the limbic system and the neocortex, each performing separate neurologic functions but yet interconnected. Find out how each affects our thoughts and actions for both good and bad. Learn how the seven major energy centers of the body help guide us from material existence up to the higher realms of spirituality and how you can balance each chakra.
