Peters, 1993 Jerusalem the holiest of holy cities revered and contested by Jews Christians and Muslims alike The claims of the first two are amply and handsomely documented in a great spate of books many of them eulogies or devotional tracts rather than histories But it is Muslim Jerusalem that few of us comprehend though the idea of it has run like a bloodily glowing thread through most of what has happened in the Middle East since 1948 Here F E Peters an eminent historian of both Jerusalem and Islam looks at that neglected side of this most publicized and controversial of cities *The Distant Shrine* is neither a brief for a Muslim Jerusalem nor a polemic against Islam but a serious and objective unfolding of what Jerusalem has meant to Muslims from their first settlement there down to the beginning of modern times It is also history writing at its best convincing in its grasp comprehensive in its presentation elegant in its expression *The Distant Shrine* is that rarest of all histories a work for the
