**TEACHING NURSING IN AN
ASSOCIATE DEGREE PROGRAM**

RITA G. MERTIG

This practical “how to” book for teaching nursing in an associate degree program is for new and not-so-new faculty. Advice gathered from the author’s many years of teaching is presented in a friendly and easy-to-read format, designed to quickly help new faculty get a positive sense of direction. The special issues of Associate Degree nursing students—many have families, full-time jobs, and are more mature than the “traditional” college student—are given full consideration.

“Content is presented in a straightforward manner... covers the most significant topics central to entry-level nursing education.”
