 definitions and illustrations covering the latest PSTN PBX Datacom Broadband IP Telephony and IPTV technologies and
 provides the understanding needed to provide communication services Many changes continue to occur in telephone data
 and television networks and this book is the perfect solution for those involved or interested in the terminology used by
 manufacturers and service providers This reference book defines the latest acronyms and terms and assists with the
 explanation of terms by using many diagrams and pictures It is a great reference tool that allows people to effectively
 communicate with other people involved in the telecommunications industry The convergence of technologies and systems
 means more competitors and new industry terms As a result communicating with others has become an alphabet soup of
 acronyms and technical terms Telecom Dictionary solves this challenge by providing definitions of the latest technical terms
 and acronyms along with self explanatory diagrams This reference includes Over 12 000 of the latest PSTN PBX Datacom
 Broadband IP Telephony and IPTV industry definitions Contains 6 000 of the latest industry terms and acronyms Has 500
 diagrams and photos to help explain complex definitions Includes a directory of associations involved with communications
 systems To ensure this dictionary contains the latest terms and definitions 12 experts were used from different sectors of the
 Telecommunications industry to add and edit definitions Many of the definitions were created using our technical books that
 have been edited by hundreds of industry reviewers Diagrams and pictures in the dictionary assist the understanding of
 technical terms by providing functional and operational views **Using the Engineering Literature** Bonnie A.
