The Accessible Aunt Vanessa Gray,1992-01-01      The Track Jennifer Fox,2022-08-05 On what otherwise seemed to be an ordinary spring night in 1994 Jennifer Foster a young struggling single mother receives an unexpected phone call What she learns is anything but ordinary There has been an unusual accident and the details are unclear however she learns that her younger brother a popular high school football star scheduled to graduate from high school in six weeks has been involved When she arrives at the hospital the scene is horrifying causing her to flashback in her mind to a journey through childhood and adolescence growing up in a small town in rural Upstate New York in a family that has up to this point endured their fair share of trials Now facing her biggest challenge yet as her hometown community is devastated and her family has made headline news Jennifer grapples to make sense of the broken fragments of a shattered life After years of battling unanswered questions nineteen years later in a mind boggling twist of events a mysterious note from a stranger changes this family s world and perspective of life after death forever This emotionally charged book summons readers along on a journey through a phenomenally inspirational story that will usher you directly into the heart and nature of God amid unfathomable human suffering and tragedy In a fallen world filled with so much pain and suffering THE TRACK wrestles with difficult questions such as Is Heaven real Is there life after death Is there a God and is He really in control If so is He good where is He during unspeakable tragedy and how can anything good come from pain loss and human suffering The answers this family gets will astound you and perhaps transform you as much as they did them You are personally invited to follow along and begin your very own journey on THE TRACK that leads to triumph No matter where you are or where you have been this story has the power to absolutely change your life      **Opening The Door** Frankford Friends School,2015-05-02 Stories written by children in the sixth grade at Frankford Friends School in Philadelphia Given the opening sentence As soon as I opened the door I knew my life would change forever every child finished the story in a quite different way A fascinating glimpse into one teacher s way of getting children excited about creative writing      **The Face of the Fox** Frederick O. Gearing,2017-07-28 In The Face of the Fox an anthropological and sociological study of the Fox American Indians the Mesquakie their actual tribal name who live just outside Tama Iowa Frederick Gearing puts a face on the peoples of this tribe In doing so Gearing particularly deals with the estrangement of the Fox Indians and the Westerners surrounding them He defines the concept of estrangement as including feelings of contempt indifference and pity often leading to misplaced hurt and hate on both sides Specifically he states that when one is estranged he is unable to relate because he cannot see enough to relate to which is a type of social disconnect Estrangement shackles both parties leaving them unable to connect with one another Finding this is more of a cognitive mental processing problem Gearing proposes gaining control of the mind believing the opposite of being estranged is to find a people believable and real The way to do this is to educate each estranged group about the other and put a face on each group Educating Westerners about the Fox people they live

next to Gearing describes their community their social structure their culture their language and some of its many meanings and their view of themselves and how they view their future Attempting to end estrangement and engender endearment and understanding The Face of the Fox will be of interest to anthropologists and sociologists focusing on the American Indian

Forget everything you ever knew about unicorns The fluffy sparkly friendly horses so popular the world over don't exist Real unicorns are killers Beasts the size of elephants with cloven hooves that shake the earth hides impervious to bullets and horns that contain a deadly poison unicorns can outrun a sports car and smell a human from a mile away And they can only be killed by virgin warriors descended from Alexander the Great Sixteen year old Astrid Llewelyn has grown up with her mom Lilith's tall tales about unicorns and their exalted family heritage but figures her mom's crazy But the scary stories her mom told her about the monsters in her formative years left her with a firm phobia about unicorns even the cutesy kind popular with young girls But when one of the monsters attacks her boyfriend in the woods thereby ruining any chance of him taking her to prom Astrid finds herself headed to Rome to train as a unicorn hunter As swift and sure footed as a killer unicorn Rampant weaves a vibrant new mythology from venerable threads Scott Westerfeld bestselling author of the Uglies series      *The admiral's will* M.
