The Search For General Miles

William Thompson, Dorcas Thompson

The Search For General Miles:

The Search for General Miles Newton F. Tolman, 1968 General Nelson A Miles was one of the most colorful and successful military leaders in our history Yet his phenomenal career as this highly readable book demonstrates has been matched by constant and continuing efforts to dim his luster What makes a hero The subject of his impassioned and admittedly biased biography was a Civil War hero successful Indian fighter and commander in chief of the Army He constantly rose above the opposition of his fellow officers and superiors only to fade from popular esteem and the history books at the very pinnacle of his career The Search for General Miles examines the character of the man and the events of his life to learn why and how this happened It examines history itself and the ways of historians demonstrating how myths are created out of facts It looks at the works of some of our most respected historians and shows how they have been misled by their sources to support prejudices that have no place in supposedly objective history From jacket flap **Apaches** James L. Haley, 1997 *Apaches A History and Culture Portrait* James L Haley s dramatic saga of the Apaches doomed guerrilla war against the whites was a radical departure from the method followed by previous histories of white native conflict Arguing that you cannot understand the history unless you understand the culture Haley first discusses the life way of the Apaches their mythology and folklore including the famous Coyote series religious customs everyday life and social mores Haley then explores the tumultuous decades of trade and treaty and of betrayal and bloodshed that preceded the Apaches final military defeat in 1886 He emphasizes figures who played a decisive role in the conflict Mangas Coloradas Cochise and Geronimo on the one hand and Royal Whitman George Crook and John Clum on the other With a new preface that places the book in the context of contemporary scholarship *Apaches* is a well rounded one volume overview of Apache history and culture

Nelson A. Miles and the Twilight of the Frontier Army Robert Wooster, 1996-09-28 Based on a wide range of sources including materials only recently made available to researchers this first complete carefully documented biography of Miles skillfully delineates the brilliant abrasive and controversial tactician whose career in many respects epitomized the story of the Old Army **Black Jack** Frank E. Vandiver, 1977 This National Book Award finalist traces the life of the general whose career began on the western frontier and culminated with victory in a world war Using both domestic and foreign sources many heretofore untapped Frank Vandiver focuses on the qualities of and challenges to Pershing the soldier without losing sight of the man who wore the uniform Vandiver gives special attention to Pershing s stint as head of the Bureau of Insular Affairs his fourteen years service in the Far East and his unusual role as manager organizer of the American Expeditionary Forces in World War I Here is a full bodied portrait of a remarkable American plus new insights into American and international military history and a fresh view of the United States rise to power [The Medicine Line](#) Beth LaDow, 2013-10-18 Along the border between Montana and Saskatchewan lies one hundred miles of hard and desolate terrain a remote place where Native and new American nations came together in a contest for land wealth and survival

Following explorers Lewis and Clark and Alexander Mackenzie both Americans and Canadians launched the process of empire along the 49th parallel disrupting the lives of Native peoples who began to traverse this imaginary line in search of refuge. In this evocative and beautifully rendered portrait Beth LaDow recreates the unstable world along this harsh frontier capturing the complex history of a borderland known as the medicine line to the Indians who lived there. When Sitting Bull crossed the boundary for the last time in 1881 weary of pursuit by the U.S. cavalry and the constant threat of starvation the region opened up to railroad men and settlers determined to make a living. But the unforgiving landscape would resist repeated attempts to subdue it from the schemes of powerful railroad magnate James J. Hill to the exploits of Canadian Mountie James Walsh to the misguided dreams of ranchers and homesteaders whose difficult existence is best captured in Wallace Stegner's plaintive accounts of a boyhood spent in this stark place. Drawing on little-known diaries, letters, and memories as well as interviews with the descendants of settlers and native peoples, *The Medicine Line* reveals how national interests were transformed by the powerful alchemy of mingling peoples and the place they shared. With a historian's insight and a storyteller's gift, LaDow questions some of our deepest assumptions about a nationalist frontier past and finds in this least-known place a new historical and emotional heartland of the North American West. A colorful history of the most desolate terrain in America, one hundred miles between Canada and Montana where three nations fought over land, wealth, and ultimately survival.

Soldiers West Durwood Ball, Paul Andrew Hutton, 2012-11-19. From the War of 1812 to the end of the nineteenth century, U.S. Army officers were instrumental in shaping the American West. They helped explore uncharted places and survey and engineer its far-flung transportation arteries. Many also served in the ferocious campaigns that drove American Indians onto reservations. *Soldiers West* views the turbulent history of the West from the perspective of fifteen senior army officers, including Philip H. Sheridan, George Armstrong Custer, and Nelson A. Miles, who were assigned to bring order to the region. This revised edition of Paul Andrew Hutton's popular work adds five new biographies and essays. From the first edition, new portraits of Stephen W. Kearny, Philip St. George Cooke, and James H. Carleton expand the volume's coverage of the army on the antebellum frontier. Other new pieces focus on the controversial John M. Chivington, who commanded the Colorado volunteers at the Sand Creek Massacre in 1863, and Oliver O. Howard, who participated in federal and private initiatives to reform Indian policy in the West. An introduction by Durwood Ball discusses the vigorous growth of frontier military history since the original publication of *Soldiers West*.

[The Search-light](#), 1903. *Personal recollections of general A. Nelson Miles (Commander in chief of the United States army), embracing a brief view of the American war, an account of his Indian campaigns, with comments on the exploration, development and progress of the great West. Illustrated by Frederick Remington and other artists.* Nelson A. Miles, 1897.

Report of the Lieutenant-General Commanding the Army United States. War Department, 1900.
