The Venging:

The Venging Greg Bear, 2014-04-01 Hailed by readers and critics alike *The Venging* has been described as an excellent collection and its author praised as one of the freshest writers to break into the science fiction field in many a year This is the first published collection of short stories by one of the foremost voices in science fiction today This significant volume contains many characters and situations that later evolved into their own novels *Mandala* features technologically perfect cities that eject their sinful human occupants a premise that can be found at the root of Bear's later novel *Strength of Stones* In *Hardfought* Bear brilliantly handles the classic science fiction dilemma of human communication with aliens Other stories include *The Wind From a Burning Woman* in which a woman holds the world hostage by controlling a giant asteroid *Scattershot* in which the inhabitants of many universes meet in an undefined limbo space and the Nebula Award finalist *Petra* a story of a world where chaos rules stone moves and the mind controls reality [The Collected Stories of Greg Bear](#) Greg Bear, 2003-03-19

Greg Bear is one of the greatest science fiction writers of the late twentieth century He has a powerful voice combining the intense rationality of science with the intensely passionate characters that can only be created by a writer who loves humanity Bear's novel *Moving Mars* won the Nebula Award in 1994 and he did it again in 2000 with *Darwin's Radio* He has been honored with Hugo and Nebula nominations for novel length work eight more times But Greg Bear's short fiction is even more astounding as this powerful career retrospective demonstrates This collection contains Bear's earliest published fiction from the late 1960s and early 1970s as well his remarkable award winning work from the 80s and 90s stories like the Hugo and Nebula Award winning novella length version of *Blood Music* and the Hugo and Nebula Award winner *Tangents* This Collection is enhanced by brand new introductions for each story commentary and reminiscences by Greg Bear
