## **The Versatile Vegetable Cookbook:**

**The Versatile Vegetable Cookbook** Dolores Riccio, Joan Bingham, 1983      **The Versatile Vegetable** Miranda Barrett, Colleen Pollard, 2009-09-01 The Versatile Vegetable is not just another cookbook Even though it is filled with exquisitely delicious and simple recipes it also educates and inspires you to make any changes needed to support good health and heal the body In Miranda s simple yet humorous way you are led on a journey that will encourage an abundance of vegetables to come into your life You will also learn why the condiments used in cooking such as salt oils and seasonings play an intricate part in your health The changes are simple and subtle yet so powerful in their result that you will truly be inspired to transform some basic cooking skills We are born with one body If we do not treat that body with love and respect it will die and then we will have nowhere to live This book offers an array of simple yet delicious recipes for vegetable dishes that can be incorporated easily into your daily life Miranda realizes that time is always a concern meaning that quick and easy was the only way her recipes could be of service She has also included nutritional information that will help guide you in choosing what oils or fats to use or what seasonings to flavor with Her approach is to use foods in their most natural state A great analogy lies in the process of buying clothes Before paying for a new shirt we tend to look at the label check out the size or what it s made of even before trying it on If only we paid this much attention to the labels on food Often we eat foods without even glancing at the list of ingredients especially in this age of convenience and processing To Miranda this is a lot more worrying than buying a shirt a few sizes too big because we did not look at the label The food we eat goes much deeper than the surface of the skin You may also notice that she has chosen not to use certain ingredients in the recipes You will not find any gluten wheat products or refined sugars used in the book Instead Miranda has substituted with healthier options suggested certain oils and flavorings so that every part of each dish is beneficial In her book Miranda elaborates on the following topics discussing them in length and suggesting a variety of excellent methods to keep the colon healthy Digestion a gut feeling and sometimes it doesn t feel so good Constipation and how to eliminate it The use of Probiotics also known as friendly bacteria Fats and Oils Fats sounds like a dirty word nowadays Most people don t want fat especially any extra on their bodies so why would Miranda connect them to healing and encourage you to eat them Because certain fats are essential to our health In her book Miranda separates the good oils from the bad and deciphers the potential health benefits of using the right kinds of oils Additional sections include How to Eat Chewing Regular Meals Food Rotation And the truth about Salt Miranda also offers inventive alternatives for unhealthy ingredients which dramatically improve the nutritional value of an otherwise decadent dish yet with all the flavor still remaining The result is both a worthy and an artful skill one that you will undoubtedly enjoy time after time while using The Versatile Vegetable      **The Food of Life** Miranda Barrett, Colleen Pollard, 2011-01-01      *Versatile Vegetables* Robyn Margaret Martin, 2001-08      *Versatile Vegetables* Katherine Hayes Greenberg, Barbara Kanerva Kyte, 1980      Vegetarian Times , 1991-02 To do what no other magazine does Deliver simple

**Versatile Veggies - A Colorful and Healthy Way to Live: 25 Delightful Recipes That Introduce Vegetables Into Your Everyday Life** Nancy Silverman, 2019-02-24 Vegetables are a colorful display found all over the world. Vegetables can be sweet like bell peppers and corn while some can be bitter like Brussel sprouts and spinach. It may be hard to get kids to eat them but surely there's at least one vegetable they'll love. Adding vegetables to a dish not only makes it healthy but it also provides important nutrients for your body. This cookbook provides some vegetable recipes that will be familiar to you and some recipes that are less common. Vegetables can be the spotlight of a dish or the subtle flavor on the side. This book teaches you which vegetables are best on their own or combined with other ingredients. We believe your kids will be very happy that you've made vegetables taste good with the great recipes in this cookbook. Experts agree that we should eat a high proportion of fresh vegetables each day so grab a copy of *Versatile Veggies* and get started today.
