Understanding Soa With Web Services:

Understanding SOA with Web Services Eric Newcomer, Greg Lomow, 2005 Where most SOA books focus on integration and architecture basics Lomow and Newcomer fearlessly dive into these more advanced yet critical topics and provide a depth of treatment unavailable anywhere else Jason Bloomberg Senior Analyst ZapThink LLC This book provides a wealth of content on Web Services and SOA not found elsewhere Although the book is technical in nature it is surprisingly easy to read and digest Managers who would like to keep up with the most effective technical strategies will find this book required reading Hari Mailvaganam University of British Columbia Vancouver I have been teaching companies and lecturing on SOA and XML Web Services for years and sort of felt at home with these technologies I didn't think anyone else could teach me anything more significant about either of them This book surprised me If a person teaching SOA and Web Services can learn something from this book you can too This book is a must read for all architects senior developers and concerned CTOs Sayed Y

SOA in Practice Nicolai M. Josuttis, 2007-08-24 This book demonstrates service oriented architecture SOA as a concrete discipline rather than a hopeful collection of cloud charts Built upon the author's firsthand experience rolling out a SOA at a major corporation SOA in Practice explains how SOA can simplify the creation and maintenance of large scale applications Whether your project involves a large set of Web Services based components or connects legacy applications to modern business processes this book clarifies how and whether SOA fits your needs SOA has been a vision for years This book brings it down to earth by describing the real world problems of implementing and running a SOA in practice After defining SOA's many facets examining typical use patterns and exploring how loose coupling helps build stronger applications SOA in Practice presents a framework to help you determine when to take advantage of SOA In this book you will Focus squarely on real deployment and technology not just standards maps Examine business problems to determine which ones fit a SOA approach before plastering a SOA solution on top of them Find clear paths for building solutions without getting trapped in the mire of changing web services details Gain the experience of a systems analyst intimately involved with SOA The principles and experiences described in this book played an important role in making SOA at T Mobile a success story with more than 10 million service calls per day Dr Steffen Roehn Member of the Executive Committee T Mobile International CIO Nicolai Josuttis has produced something that is rare in the over hyped world of SOA a thoughtful work with deep insights based on hands on experiences This book is a significant milestone in promoting practical disciplines for all SOA practitioners John Schmidt Chairman Integration Consortium The book belongs in the hands of every CIO IT Director and IT planning manager Dr Richard Mark Soley Chairman and CEO Object Management Group Executive Director SOA Consortium
