Interiors Katarzyna Nowak, Sonia Front, 2010-06-09 The essays gathered in the present collection provide textual explorations of the theoretical borderland between interiors and exteriors undertaken from a variety of perspectives and representing varying approaches and understandings of these terms In the realm of theory the distinction between what we

choose to include and what we exclude remains a political choice often fraught with dilemmas that cannot be resolved How to discern between interiors and exteriors Where do we draw dividing lines Do we want to draw them anymore Or alternately can we afford not to divide and discern between the inside and outside between here and there between us and them If the binary divisions so much discredited no longer hold if we must include multiplicity and plurality of readings is any distinction between these dimensions possible Essays collected in the present volume attempt to present a wide plethora of answers to these questions *Witchcraft and Adolescence in American Popular Culture* Miranda Corcoran,2022-07-15 The first book length study of witchcraft and adolescence in American popular culture Will provide readers with a comprehensive overview of teenage witches in literature media Uses a novel theoretical framework Foucauldian and Deleuzian theory new materialism theories of embodiment Adds a new perspective to a topic female monstrosity dominated by psychoanalytical theory Studies a diverse range of texts film television literary and popular fiction comics YA fiction Will appeal to scholars of feminism media history girlhood studies horror the Gothic etc **Instruction in Chemical Analysis.
